ARMED GUARD ASKED FOR EDWARD KARBINE UNION LABOR LEADER

Was Made Following Receipt of Threatening Letter to Karbine Signed by the Ku Klux Klan—Official of Hillsboro Klan Denies That Organization is Responsible

(By the Associated Press)
HILLSBORO, Ill., Aug. 18.—Demands for an armed bodyguard to assure the personal safety of Organizer Edward Karbine of the International Union of Mine and Smelter Workers and leader in the recognition strike at the plant of the American Zinc company at Taylor Springs near here which began August 7, was made today by strikers following receipt of a threatening letter by Karbine signed "Knights of the Ku Klux Klan, Realm of Illinois." "Better men than you have met their death," for less "than your actions in the past trouble at Taylor Springs," the letter said. "We will give you until Monday, August 20 to get out of this part of the country and advise that you do so without fail."

An official of the Hillsboro Klan denied that the letter was from that organization. The warning was in typewritten form with red letter capitalization in certain passages. The envelope address was typewritten but the word "personal" appeared in penciled script in the lower left hand corner.

GOVERNMENT IS CRITICIZED FOR FRENCH ATTITUDE

Former Chancellor
Sees Great Danger
in Recent Note

(By the Associated Press)
MANCHESTER, Eng., Aug. 18.—Addressing the members of the West Birmingham Unionists association tonight, Austen Chamberlain, former chancellor of the exchequer, declared the entente is hanging by a thread and any clumsy handling of the reparations question at this moment may snap that thread and undo the work of the last twelve or fifteen years.

He characterized the government's latest note to France as inconsistent, illogical and futile, and pleaded for caution in a situation which he said was fraught with peril for Great Britain, the allies, Europe and the world.

"Germany is almost at the brink of disaster and threatened with revolution," Mr. Chamberlain added. "She is in peril of starvation because of the reckless finance in which she indulged. The entente is in jeopardy and I plead for caution and foresight in saving it."

FREIGHT BARGE ON UPPER MISSISSIPPI

St. Louis, Aug. 18.—The power barge LaCrosse is plying up the Mississippi today with 75 tons of freight on the initial trip of the first all-freight service in the history of the upper Mississippi. The freight is consigned to points as far north as Minneapolis and St. Paul. The capacity of the barge which left here last night, is 150 tons. The operators of the new line are St. Paul men.

FARMER MOVES HOUSE ON RIGHT OF WAY

Lincoln, Ill., Aug. 8.—Incensed because the state planned to build a highway thru his land, Homer Lettich has moved two houses on the right-of-way in the path of the state highway contractors, at Elkhart, near here. The county claims to have purchased the land for the highway route and is planning action to oust Lettich and his houses.

Governor Walker Will Investigate

(By the Associated Press)
ATLANTA, Ga., Aug. 18.—Governor Walker tonight instructed Adjutant General Charles H. Cox to go to Macon on the first train and investigate the situation developed there as the result of a series of floggings.

The governor issued these instructions on being informed of a running battle today between floggers and police at Macon and another whipping case tonight in the same city. He told the adjutant general to make a careful investigation of the situation and get into communication with him over Long Distance telephone as early as possible.

"I would regret the necessity of declaring martial law in any city or county," said the governor, "but if it becomes necessary the full authority of the executive department will be used to enforce the law. I am proceeding in a careful and cautious manner as the seriousness of the occasion demands, by sending the adjutant general to Bibb county to make this investigation."

MOORS ENGAGE IN VIOLENT FIGHTING WITH SPANIARDS

Hand to Hand Fighting
Results in Heavy
Casualties

(By the Associated Press)
MADRID, Aug. 18.—Violent fighting is going on in Morocco, the under-secretary of war reported today. To the right and left of the battle line the Spaniards are holding their ground against the attacks of the Moors who are equipped with the latest modern arms, but the center of the Spanish front is losing ground.

The commander who arrived at the battle line the under-secretary of war added, is doubtful whether the Spanish troops will be able to hold the ground as the conditions under which they are fighting are extremely bad.

Nothing definite has yet been learned as to the losses.

"For some time past," the under-secretary said, "the enemy increased his pressure on our advanced positions, culminating yesterday in the cutting of communications with Faria. The commanding general ordered a composite regiment of infantry, foreign legionnaires and engineers to re-establish the communications. The Spanish forces dislodged the enemy after sanguinary hand-to-hand fighting which caused heavy Spanish casualties."

FOREST FIRES ARE THREATENING CITIES ON FRENCH SEABOARD

Colonial Troops Are Rushed
to Fight the
Flames

(By the Associated Press)
CANNES, France, Aug. 18.—A forest fire starting early today in the Esterel mountains spread rapidly to the seaboard village of Mandelieu. The populace sought refuge in the Cannes area. In the afternoon the fire spread in the direction of Cannes and Grasse, eight miles to the north and eventually went toward Nice about 20 miles northeast of here.

The fire also played havoc in the villages of Roquebrune and Valescure, resorts frequented by Americans in winter. The material damage is reported to be tremendous.

The flames encircled the clubhouse of the Cannes Golf club and destroyed the stand at the race track at Mandelieu. The fire is gravely menacing the prosperous villages of LaBocca, Pegomas and Antibes, despite the strenuous efforts of colonial troops hurried from Toulon, Nice, Grasse, Antibes and Straphael. The Esterel mountain range including the mountains and Moors are virtually one chain of fire. The railroad linking the Riviera with Draughlin is temporarily cut off as is also the famous road known as Corniche d'Or.

HAVE TWENTY ONE CHILDREN IN FAMILY

Johnstown, Pa., Aug. 18.—Twenty-one children have arrived at the home of Mr. and Mrs. John Toman of Robinsdale, a nearby mining town, in the past 21 years. Yesterday a daughter was born to Mrs. Toman who is 38 years old. The father is 51. There has been one set of twins. The first child of the Tomans, Mrs. John Kluck, was married five years ago and is the mother of five children.

WEATHER

Chicago and vicinity: Partly cloudy Sunday; cooler Sunday afternoon and night; Monday fair with moderate temperature; moderate to fresh northerly winds, Illinois and Indiana; Generally fair Sunday and Monday, cooler in north portions Sunday afternoon or night, and in central portions Monday.

Wisconsin: Fair Sunday and Monday, cooler Sunday.

Missouri: Generally fair Sunday and Monday, slightly cooler in north and central portions Sunday night or Monday.

Iowa: Fair Sunday and Monday; somewhat cooler Sunday afternoon or night.

No Political Issues In Philippines-Wood

(By the Associated Press)
MANILA, Aug. 18.—Governor General Leonard Wood addressing the American Chamber of Commerce at a luncheon here at noon today declared that there is not a single political issue in the Philippines today and that efforts to stir up race feeling against the Americans had failed. The Governor said:

"The time has come for some plain speaking. I believe in telling the truth even tho it hurts. There is not a single political issue at present in the Philippines, altho there have been efforts to make one. No man worthy of the name of American of Filipino will talk non-cooperation at this time."

"There have been attempts to stir up racial antipathy between Filipinos and Americans. But thanks to the common sense of both Filipinos and Americans they have been failures. Any man who tries to stir up racial antipathy or who talks non-cooperation is a traitor to his own people."

"Relations between the Philippines and America have existed for twenty years and are going to continue to exist. My purpose out here is to cooperate. We must work together. Our idea of a good government is one under which capital seeks investment at nominal rates of interest. Until we pull together, we can never hope to attain that condition here."

Referring to the Philippine National Bank, regarding which his recent message to the legislature was made public yesterday, Governor General Wood said:

"The bank is in better condition now than it has been at any time in the last four years."

EXTRA POLICEMEN ARE PLACED AROUND PARENTAL SCHOOL

Officials Are Still Continuing Their Probe

(By the Associated Press)
Chicago, Aug. 18.—Extra policemen were placed around the grounds of the Chicago Parental School, an institution for delinquent boys at the request of officials today after school instructors said they had heard reports of an attempt to free the boys from the school which is now under investigation.

John C. Wright father of James W. Wright, 15 year old youth who was found hanging from the top of a steel cage where he had been confined several days ago today asked warrants for the arrest of two discharged instructors and Fred Smith, suspended principal of the institution on charges of murder declaring he was satisfied his son did not commit suicide. He was advised to await the result of an investigation being made by Chief Justice Michael McKinley of the criminal court sitting as an examining magistrate.

Yesterday a dozen boys appeared before him alleging mistreatment at the institution and the hearing will be resumed Monday. Coroner Oscar Wolff who made an investigation of the Wright boy's death said he had satisfied himself that the youth could have hanged himself in the manner in which the body was found.

BANDITS BATTLE WITH POLICE IN CHICAGO STREETS

Robbers Escape But it is Believed Some Were Wounded

CHICAGO, Aug. 18.—Three bandits, two of their victims and two policemen exchanged more than 50 shots in a wild chase of 25 miles tonight which ended when the robbers abandoned their automobile and escaped. Blood on the cushions and floor of the car indicated to the police that at least one of the three had been shot.

The three robbers entered the tailor shop of Michael Cord and lifted his cash register of \$285 while they held him at bay. Cord and his brother followed the trio in an automobile, picked up two policemen and then opened fire.

The bandits returned the fire and as the careening autos sped over the boulevards, automobiles pulled to the curb hurriedly to escape the exchange of bullets and pedestrians scurried for cover. Several jugs of moonshine were dropped overboard by the robbers in their flight.

NEWMAN MAN HEADS RURAL MAIL CARRIERS

PEORIA, Ill., Aug. 18.—Ray S. Philpot, Newman, Ill., was today re-elected president of the Illinois Rural Letter Carriers Association at the organization's twentieth annual convention which closed here today. He has been elected president of the association for four times without opposition.

Edward Henn, Mount Vernon, Ill., was re-elected vice president; F. J. Francis, Tinsley Park, Ill., secretary-treasurer, was re-elected treasurer when the office of secretary-treasurer was dissolved; O. E. Heny of Winchester, Ill., was elected secretary, and Adolph Bloom, Carlinville, Ill., was re-elected a member of the executive committee.

Decatur, Ill., took next year's convention with a vote of 121. Peoria received 36 votes and Chicago 15.

NEGROES ARE NEAR TO RIOTING

Richmond, Va., Aug. 18.—An automobile load of police were rushed to the Hermitage plant of Kinman and Co., this morning when reports reached headquarters that a crowd of negroes were gathering following the shooting to death last night of John Harris a negro laborer by N. D. Goodwyn, foreman of the plant and a subsequent attempt on the life of Foreman Satterwhite. Satterwhite, who is thought to have been mistaken for Goodwyn was shot from ambush, the bullet piercing his coat.

ONE KILLED; ONE SERIOUSLY HURT

Galesburg, Ill., Aug. 18.—Gerard Sniff, 5, was instantly killed and Paul Burgess, 15, was seriously hurt when the automobile in which they were riding was struck by a C. B. & Q. freight train at a crossing at Monica this morning. Both boys are from Monica.

KIDNAP WHITE MAN IN BROAD DAYLIGHT AT MACON GEORGIA

Police Engage in Pistol Battle With Kidnapers

(By the Associated Press)
MACON, Ga., Aug. 18.—Police engaged in a pistol battle in front of the Macon Terminal Station early today with an alleged flogging gang, who had kidnaped a white man.

Cries for help came from an automobile, fifty yards from the main entrance of the station. A group of men who responded fired several shots. They dodged to cover and Patrolman Rowe started toward the automobile. He was fired upon and returned the fire.

The kidnapers sped away from the station and as they passed they could be seen beating someone in the rear seat, it was said by witnesses.

The police commandeered an automobile and pursued the flogging machine toward East Macon losing it in the chase. Several more shots were exchanged in this chase.

The victim of the kidnaping according to the police made no report of the affair and they profess not to know the name of the victim.

No arrests have been made.

The kidnaping and shooting today followed a series of others during the last ten days. A week ago Thursday four men were kidnaped. Three of these have left the city in response to threats that they would be killed if they remained here. A fourth man, Ollie M. Perry under federal indictment for illicit liquor traffic in a helpless condition in his home here, doctors fearing that he cannot live. Perry is a victim of tuberculosis. The skin was worn from his back during the beating and blood oozed from the broken flesh.

Previous to this series of whippings there are a number of others including Dr. R. N. Mills, Dr. Eugene Schreiber, Lynnwood Bright and others. In the Bright case Mrs. Frederica Pace of New York, was also kidnaped and taken to the scene of the whippings, but she was not harmed.

Rewards totalling \$2,100 have been offered for the arrest and conviction of the kidnaping gang.

TRYING TO MAKE PEACE FOR LABOR DAY CELEBRATION

Ask Howat be Allowed to Speak from A. F. of L. Platform

(By the Associated Press)
SPRINGFIELD, Ill., Aug. 18.—Whether Springfield will have two Labor Day celebrations or one big meeting and parade depends on whether Alexander Howat, deposed Kansas mine leader, is permitted to speak on a Federation of Labor platform. Freeman Thompson, president of Sub-district Four, United Mine Workers of America declared today.

Efforts to bring the rival organizers together have been going forward for some time. The sub-district engaged Howat and Senator Smith Brookhart to speak at its celebration. The Federation asked Bloomington, Decatur and Jacksonville to send delegations and invited Samuel Gompers to attend.

The sub-district has gone on record in support of Howat's efforts to be reinstated in the United Mine Workers. The Federation of Labor has promised an answer to Thompson the first of the week, as to whether or not Howat would be welcome at a joint meeting.

WHOLESALE PRICES CONTINUE DOWNWARD

(By the Associated Press)
WASHINGTON, Aug. 18.—Wholesale prices which began to decline last May, continued on the downward trend thru July, the department of labor reported today. The decline from April to July represented five per cent and from June to July it was 1.3 per cent. The decrease was figured on prices for 404 commodities.

A comparison of July prices with those in the same month a year ago showed a decline in the general level of 2.6 per cent due chiefly to the decrease for fuel and lighting materials.

In the group of farm products advances in corn, cattle, hogs, eggs, timothy, and clover hay, onions and potatoes were more than offset by declines in wheat, oats, rye, lambs, cotton, beans, alfalfa, and hides, causing a net decline of more than two per cent.

URGES ATTORNEYS TO LOOK HIGHER UP FOR CRIME

Politics Synonymous With Conspiracies and Spoils

(By the Associated Press)
MINNEAPOLIS, Minn., Aug. 18.—Members of the American Bar association which meets in annual convention in Minneapolis August 29-31 are urged to give less attention to common offenses and direct their investigations to "criminal offenses and turpitude in high places," in a letter from H. L. Schaife, of Washington, D. C., to the law enforcement committee of the association made public today.

"Politics has become synonymous with conspiracies and spoils," Mr. Schaife wrote and "as that proper action be taken to correct what he calls lack of law enforcement in places."

The prevalence to graft in the government out of proportion to that in ordinary business, Mr. Schaife said in the letter, "would indicate that there is a different standard in the enforcement of law against those who rob the government and those who make private business the victim."

It was Mr. Schaife who in April April 1922, carried the war fraud cases to congress which resulted in the organization of the war fraud bureau in the department of justice.

EVIDENCE TO BE PRESENTED SOON

(By the Associated Press)
MINNEAPOLIS, Minn., Aug. 18.—Evidence in the case of William Stauffer taxi-driver and police department taxicab insurer of William Engstrom, spectator, will be presented to the county grand jury next Tuesday, police officials said tonight.

Engstrom was shot last Tuesday night by Stauffer whom he was attempting to arrest. L. W. Taylor, president of a taxi-cab company who also was shot by Stauffer, was reported resting easier tonight. He probably will be given a chance to identify Stauffer as his assailant if he continues to improve.

Mr. and Mrs. Edward Denton and family of Sinclair were among the shoppers in the city yesterday.

ATTORNEYS FOR BITUMINOUS COAL OPERATORS REPORT

Submit Brief Condemning the United Mine Workers, Check Off System and Closed Shop—Ask Commission to Visit West Virginia Fields and Investigate Conditions

(By the Associated Press)
WASHINGTON, Aug. 18.—Attorneys for the bituminous operators' special committee today submitted to the United States coal commission a voluminous brief condemning the United Mine Workers of America, the check-off system and the closed shop. The commission was invited to visit the non-union coal fields of West Virginia and satisfy itself that conditions there were "not as bad as private investigators had painted them."

Continued resistance would be offered by the mine companies to efforts of the United Mine Workers of America to unionize districts now operating non-union, the commission was informed.

The companies are convinced that contracts with that organization are in the interest neither of the operator nor the organization, but tend to stifle efficiency and individual initiative and to create a relationship based not on mutual confidence and sense of responsibility but on mutual hostility.

"They are convinced," says the document that the contract with that organization is to put the economic future of their fields which have no local markets at the mercy of wage agreements dictated by international officers of the United Mine Workers of America who have a deeprooted hostility to this field and whose primary interests are elsewhere.

"Wisely or unwisely they object to the principle of being compelled to employ only members of that organization and being forced to collect by the 'checkoff' for that organization such dues and assessments as it sees fit to impose on each worker in their mines."

After reviewing the struggles between employer and labor in the West Virginia fields since 1890, including the great strike of 1902, the Paint and Cabin Creek creek wars, the Winding Gulf conflicts of 1917 and the "March on Mingo" with its attendant warfare, the brief cites six reasons why the operators purpose to resist unionization of their mines:

"Eight Hour Day Universal
"The 8-hour day is universal among non-union miners.
"The earnings of miners in non-union fields are at least as high as those in union fields.
"The earnings of non-union miners range far in advance of farm laborers and other unskilled workers.
"The miner is more nearly his own boss as to whether he will work when he will work and how he will work, than almost any other class of laborers.
"The housing and living conditions of the miners are those of a progressive industrial community.
"The miners of Southern West Virginia, far from being held in subjection and kept from unionizing by force of arms, have themselves taken up arms to resist forcible attempts of the United Mine Workers of America to impose unionization, on them and in defense of their right to work."

SPECIAL RAILROAD AGENTS MAY HAVE NEW ORGANIZATION

Object to Co-Operate
Against Wholesale Thefts

(By the Associated Press)
SPRINGFIELD, Ill., Aug. 18.—To organize a body of special railroad agents for guarding against future wholesale thefts from local freight houses and for running down thieves, J. L. Smith, chief special agent for the Illinois Traction System, will meet agents of six railroads tomorrow. It is expected that the agents will form an organization to protect themselves against systematized thievery.

The new body of organized special agents will begin functioning at once to clear up strings of box cars and freight house thefts which have been committed in the past. The agents expect to cooperate with city, state and federal authorities in capturing criminals. An organization of agents, it is thought, can exchange clues and work more efficiently to stop the depredations of the last few months.

Smith also has invited local police authorities to be present at the meeting. Besides Springfield agents, invitations have been extended to Thomas Y. Rick, chief special agent of the Chicago and Alton of Chicago; S. S. Ward, chief special agent of the Wabash, St. Louis; H. L. of police of the Baltimore and Ohio.

Smith believes the local alliance may be the forerunner of other similar organizations throughout the country.

SMALL PREPARES FOR CAMPAIGN

(By the Associated Press)
SPRINGFIELD, Ill., Aug. 18.—With the Kankakee rally of the Small forces out of the way, supporters of the governor in Sangamon county are the first to begin preparations for the primaries and expect to have a full state ticket ready by the middle of next month.

Judge C. H. Jenkins, state director of public welfare is managing the campaign for the Small faction. The anti-Small forces have also begun preparing a slate.

POLICEMAN LOCATES GIRL'S RELATIVES

Peoria, Ill., Aug. 18.—Thru a lucky twist of fate, a policeman led a pretty young Polish girl to the home of her sister here after interpreters had failed. The girl was found crying at the depot. A station officer took her to the police station where an officer undertook to make the rounds of his Polish acquaintances with her after several foreigners were unable to understand her. The first home visited proved to be her sister's. The girl had traveled alone from Warsaw.

Testimony Bearing on Incorporation Heard

(By the Associated Press)
SUPERIOR, Wis., Aug. 18.—Testimony bearing upon articles of incorporation of the Madison Bond company and Victor Arnold Company of Illinois, today marked the trial of Victor H. Arnold charged with using the mails to defraud. Witnesses who had been in the employ of Arnold were excluded from the court room during the giving of testimony.

Herbert Whipple, in charge of corporation affairs in the office of Wisconsin's secretary of state, identified articles of incorporation of the Madison Bond company of Wisconsin and later amendments to them certified copies being introduced in evidence.

Annual financial statements of the company for eight years also were introduced. Charles C. Hill assistant chief clerk in the corporation department of Illinois tend to incorporate articles and financial statements of the Victor Arnold Arnold company of Illinois which were introduced as evidence over defense protests. He also testified to similar papers of the Madison Bond company of Illinois but since this was not mentioned in the indictment defense counsel was sustained in its objections.

What Happens If You Die Leaving No Will?

If you die intestate, your property will be divided according to the laws of this State and an administrator will be appointed to handle its affairs.

There are many disadvantages to this course, for example: The laws of the State are made to apply generally to all cases—not to any one in particular. They may distribute your property to parties you would not care to reward and may impose hardships on those you cherish most.

The safe course is to make a will under the guidance of a competent attorney, naming this trust company as executor and trustee.

NEW METHOD BINDERY BUYS BIG BUILDING

Need for More Space Results in Purchase of Brown's Business College Property — Concern New Employees More Than Forty People.

The New Method Book Bindery yesterday closed a transaction for the Browns Business College property at the corner of Morgan and Kosciusko streets. This building which was entirely remodeled a number of years ago by the late G. W. Brown was purchased from the Brown estate through E. B. Wiswell as broker.

The building will give the New Method Bindery the additional floor space which is needed for its rapidly growing business. There are three floors and such changes will be made as are required to make the building the better suited to the bindery business.

It is about three years and a half since the bindery was organized by L. D. Sibert and W. T. Suhy and under their management has met with unusual success. The business is mainly that of binding books and preordinals for library use. The patented process of binding used by the New Method concern is the invention of Mr. Sibert and has met with the approval of librarians throughout the country.

When the New Method Book Bindery started business it was with hand and foot power machines and with four employees. Today the firm employs over 40 people and has a pay roll of approximately \$35,000 a year. The original machines have been replaced with modern electric power driven machinery. Mr. Suhy has been in charge of sales and advertising and Mr. Sibert the production.

The quarters on South Main street became too small to take care of the growing business and additional rooms nearby were secured but even this addition of space did not fill the need and so the proprietors of the bindery determined upon the purchase of the Business College property.

As indicated Messrs Suhy and Sibert purpose to completely remodel the building and will install several thousand dollars worth of new machinery in addition to their present equipment.

Their intentions are to make the New Method Bindery one of the largest modern binderies of its kind in the country. It is also their purpose to add several new lines of business.

Social Events

Entertained at Bridge
Mrs. Roy Hill of 503 South Church street, entertained a company of friends at bridge Saturday night in honor of her guest, Mrs. Cassie Melker of St. Paul, Minn. There were 24 at the tables and it was a very pleasant social event. Refreshments were served after cards.

CLUBS

The Jacksonville W. C. T. U. will hold its annual election of officers at the home of Miss Blunt, 507 South Prairie street, Tuesday, August 28, instead of August 21. This change in date has been made because of the chautauqua and the absence of several members from the city.

The Past Pocatons club of Minnetonka Council No. 71 will hold its regular monthly meeting Tuesday evening with Mrs. Mary McGinnis, 506 East College street.

ENCAMPMENT PLANS FOR HOMECOMING

At a recent meeting of Ridgley encampment No. 9, I. O. O. F., it was decided to arrange for a home coming October 5. The purpose is to secure just as large an attendance as possible of members of the encampment and the chief Patriarch, Ruly York, was authorized to appoint a committee of three to make the necessary arrangements.

If the tentative plans are carried out, the event will be one of the most memorable in the history of the encampment. Following the business session at the encampment meeting came a social hour with refreshments, the committee in charge including Charles H. Goody, Roy Richardson and G. W. Patterson.

Mollenbrok & McCullough

He tried to beat summer
with an ordinary battery

"THEN I got my Philco," writes A. M. H., "for I don't want any more hand-cranking experiences—or costly breakdowns on the road—or trips spoiled for myself and my family."

The Philco Diamond-Grid Battery has the shock-proof construction that absorbs the heat and stresses of summer driving. Also the tremendous excess power you need for trouble-free driving in winter.

And, think of it! A genuine full-powered Philco Diamond-Grid Battery now costs you less than just an ordinary battery. \$17.85 is the exchange price, war tax paid, for Ford, Chevrolet, Overland, Star, and other light cars. Philco Batteries for all other cars reduced proportionately.

CHARLES PATRICK IS STRICKEN

Charles Patrick, residing at 221 South East street, fell yesterday morning on East Morgan street with a paralytic stroke. His left side is affected and he is in a serious condition. He has not been in good health for some time past and his advanced age is also against him.

TO VISIT YELLOWSTONE
Miss Ethel Cloyd, a teacher in the David Prince school, Miss Genevieve Mount, and Mr. and Mrs. George Corbridge and son, Ralph, expect to leave Wednesday morning in Miss Cloyd's car for an extended motor trip to Yellowstone park.

Work shoes \$1.85, dress shoes \$4.85. Hopper's.

Mr. and Mrs. Daniel Ward and family were Saturday shoppers in Jacksonville from Sinclair.

MATRIMONY

Arnold-Woodall

The marriage of Charles Arnold and Miss Beatrice Woodall, both of Manchester, was solemnized at 2 o'clock Saturday afternoon by Justice A. B. Opperman in this city.

The bride is a daughter of Mr. and Mrs. James R. Woodall, well known in Manchester. Mr. Arnold is a son of Mr. and Mrs. Noble Arnold, also of Manchester. Both young people have many friends in their home community to wish them well. They will make their home on a farm near Manchester.

Morrow-Crowder

The marriage of Clarence A. Morrow and Miss Eva M. Crowder, both of Sinclair, took place at 3 o'clock Saturday afternoon, Justice C. O. Bayha performing the ceremony at his office on West State street. The ceremony was witnessed by Mrs. Nina Abbott and Mrs. Gladys I. Wailhan. The bride is a daughter of Mr. and Mrs. Edward Crowder of near Sinclair, and the groom is a son of Mr. and Mrs. George T. Morrow, also of Sinclair. Both bride and groom are well known in their home community and are held in high esteem. They are to make their home on a farm near Sinclair.

JERSEY COUNTY CALLERS

Mr. and Mrs. B. R. Bishop and daughter have returned from Jerseyville, where they have been spending several days as guests of relatives.

POSTPONE CHICKEN FRY
The annual chicken fry of Berea church which was to have been held on the last Thursday in August has been indefinitely postponed on account of the work that is going on in the construction of the new church. The laying of brick will begin Monday and it is hoped to have the church completed in about two months.

Better Service to Customers

Is what the Willard BATTERY SERVICE STATION is in position to give now. We have just completed installing a CONSTANT POTENTIAL BATTERY CHARGING SYSTEM, the largest size made.

The modern method of charging Starting and Lighting Batteries, which mean charging Batteries in 6 to 8 hours instead of 2 to 3 days.

- No. 1 Doing 3 days work in 8 hours.
- No. 2 Saving on your rent battery charges.
- No. 3 Charges the battery with current having voltage that harmonize with the voltage of your battery.
- No. 4 Will not damage the battery with excessive flow of current.
- No. 5 Charges a battery in about one-fourth the time required by other methods.
- No. 6 Each battery is charged as a separate and distinct unit.
- No. 7 Provides an instant and accurate test of your battery and its condition, when removed from your car.
- No. 8 The life of your battery is actually prolonged by the use of this modern method of charging.

The public is cordially invited to call and inspect our new system and see the workings of an up to date battery station.

ARMED GUARD ASKED FOR EDWARD KARBINE UNION LABOR LEADER

(Continued from Page One).

John leaders are scheduled to address the gathering.

Colonel Samuel Hunter, who came to Hillsboro Friday night to survey the situation returned to Springfield today to report to Governor Small. The nature of the proposed recommendations was not revealed. Following the departure of United States commissioner of Conciliation Hugh B. Freil, whose mediatorial efforts were unavailing, Illinois Commissioner Daniel Dineen arrived today to renew his efforts to bring the workers and employers into conference. The company has refused to assent to any suggestion involving recognition of the union.

Mr. and Mrs. E. L. Killam and children, Mardell and E. L. Jr., will spend today at the home of Henry Kuhlman in Beardstown.

Mr. and Mrs. William Lonergan and children were business visitors in Jacksonville Saturday.

ABANDON HUNT FOR MISSING PRIEST

(By the Associated Press)

Virden, Ill., Aug. 18.—Search for Father Vranjak, Virden priest, who disappeared March 5 while on a business trip to St. Louis, has finally been abandoned. In the last few weeks private detectives employed by the family of the priest, had been following a trail that led them to Missouri and Kansas, but it led to nothing, his sister said.

Father Vranjak, a young Catholic priest with a large congregation here, left Virden on the afternoon of Monday, March 5, by automobile with the intention of purchasing supplies for a church social. He made the purchases, visited several friends and started home. He has not been seen by relatives since.

The following day his abandoned automobile was found by St. Louis police. Persons in Illinois towns on the east side of the Mississippi river said they had seen him on his return journey homeward. This led to the belief that he had been attacked on the Illinois side and

that his assailants later drove his automobile back to St. Louis. Friends, relatives and members of the Knights of Columbus for days conducted a fruitless search for the missing man. At one time it was reported his body had been found in a St. Louis county morgue. His aged mother failed to identify the body as her son's.

Last month detectives were reported to have picked up the trail of a man who answered the description of the missing priest. Statements made by members of the family here today, however, indicate that this latest clew was unavailing.

CINCINNATIANS TO HAVE HOMECOMING

(By the Associated Press)

SPRINGFIELD, Ill., Aug. 18.—Governor Len Small today complied with the request of Governor Victor Donahey of Ohio to help him round up wandering Cincinnatians for the big homecoming there August 25 to September 5. The governor of Ohio asked the governor of Illinois to see that all former residents of the Queen City were informed of the dates of the big party. Governor Small advised Governor Donahey that his invitation to the Cincinnati Homecoming would be given suitable publicity.

MR. SHAW SLIPS US NEW WORD

Says Boxing in Its Descent Might Be Termed a Deringolade—Would Cover Dempsey-Firpo Fight for Palmy Million

NEW YORK, Aug. 18.—George Bernard Shaw, English author is not particularly anxious to report and write his opinions for American newspapers but he would do it for \$1,000,000 free from the United States income tax.

Mr. Shaw made known his terms in a letter made public today by the New York World which had asked the writer if he would consider "covering" the Dempsey-Firpo fight here next month.

Mr. Shaw wrote several articles on the Dempsey-Carpenter bout two years ago.

The author said boxing was on the downgrade, so much so, in fact that its descent might be termed a "deringolade." (The word was looked up in the dictionary by a World reporter who reported that it meant "tumble.")

Mr. Shaw's reply to the newspaper's request for terms was as follows:

"Say \$1,000,000 free of American income tax as first bid."

"I think the boxing boom is over; the Carpenter-Dempsey fight was its summit and consequent disappointments have turned it into a descent into a degradingolade."

"If I were an editor I should use the moment to write down the word of writing it up. The rest is jumping the other way."

PARAPHERNALIA MAN DIE OF INJURIES

(By the Associated Press)

CHICAGO, Aug. 18.—Thomas, a nationally known maker of Paraphernalia for carnal societies, died today as a result of a motor accident.

He was seen from the annual "Columbus convention" in Montreal.

He was with his wife and children, returning from Quebec, when he was struck by a car and in a ditch, pinning him underneath. He was able to return to his home, where complications ensued which caused his death.

CITY AND COUNTY

Frank Waltman of Arnold transacted business in the city yesterday.

Mr. Charles Bates was up from Roodhouse Saturday on a shopping trip.

Mrs. C. J. Gray and daughter were among the Franklin representatives in the city yesterday.

J. R. Henry of Woodson called on Jacksonville merchants Saturday.

George Decker of Litterberry spent Saturday in the county seat on business.

Walter Long was among the Saturday city callers from Litterberry.

Allen Abernathy and son Henry will leave today for a ten days trip to Denver, Colorado Springs, Leadville, and other Colorado points.

James McBride is very ill at his home on East North street.

Mr. and Mrs. James Ford of Greenfield visited relatives in this city Saturday.

Mrs. Thomas Young was a Woodson shopper in the city Saturday.

Miss Nellie Jump was in town from the Yatesville vicinity Saturday.

Mr. and Mrs. R. E. Nickel were among Concord callers here Saturday.

Mr. and Mrs. John Tomhave were Orleans shoppers in the city Saturday.

John Hoaker was a Carlinville caller on friends in this city Saturday.

Mr. and Mrs. Ellis Brainer were local callers from Joy Prairie vicinity Saturday.

Waverly Young woman will wed Monday.

The marriage of Jasper Turner of Modesto and Miss Leona P. Jackson of Waverly will occur Monday afternoon at 4 o'clock.

The ceremony will be performed by Rev. H. A. Sherman, pastor of the Franklin M. E. church, at his home in Franklin. It will be a very quiet affair and will be attended by a very limited number of relatives of the young people.

The bride-to-be is a daughter of Mr. and Mrs. Harry Jackson, well known residents of Waverly. She has spent her entire life in the Waverly community, graduating from the high school there in the class of 1921. Since that time she has been employed as assistant bookkeeper at the Star store in Waverly.

Mr. Turner is a son of Mr. and Mrs. William Turner, who reside near Modesto. For the past several years he has been engaged in farming operations and it is probable that he and his bride will make their home on a farm. Their many friends will join in extending congratulations and best wishes.

PROPERTY SALES

A farm of 238 acres located about eight miles southeast of Jacksonville was sold at the court house steps Saturday. The land was first offered in separate tracts and then was sold as a whole to Ernest L. Clark, on his bid of \$198.50 per acre. The soil is of best quality and the improvements are in excellent condition. Charles M. Strawn was the auctioneer.

Property belonging to the estate of the late Patrick Collins was sold by Master in Chancery Henry W. English. A farm of 100 acres located near Prentice was purchased by E. B. Wiswell who it is understood represented one of the heirs, the price being \$220 per acre. It is a high class well improved farm.

The residence at 919 South East street was purchased by P. J. Donovan for a consideration of \$2900. This is a modern house in good condition.

ROBBERS STEAL \$2,000 WORTH OF SILKS

Bloomington, Ill., Aug. 18.—Robbers invaded Clifton Ill., last night and escaped with silk goods valued at \$2,000. Sheriff Morrison was notified today. His advice said the burglars had fled toward Bloomington and the authorities here are on the lookout for them.

DEMPEY TO BEGIN STEADY TRAINING

WHITE SULPHUR SPRINGS, Saratoga Lake, N. Y., Aug. 18.—Jack Dempsey, heavy weight champion will begin a steady training grind here tomorrow in preparation for his clash with Luis Angel Firpo of the Argentine, in New York, Sept. 14.

No fewer than 10 rounds of boxing are on Dempsey's daily program while each morning period will be devoted to road work. The last of his eight sparring partners is expected here tomorrow. In expectation of large crowds of admirers at the Dempsey camp tomorrow eight state troopers have been assigned to handle traffic on the road leading here from Saratoga, supplementing two who have been on duty since the champion's arrival.

Tex Rickard, promoter who is staging the Dempsey-Firpo fight was a visitor to Saratoga today but did not come to the Dempsey camp here. This afternoon however, Dempsey and his manager, Jack Kearns, motored to Saratoga for a conference with Rickard.

With two exhibitions boxing bouts for charity scheduled tonight Dempsey spent no time in the ring today. Early in the evening he left for Schenectady accompanied by Floyd Johnson, Iowa heavyweight contender and

other sport notables where he took part in a four round contest for a lycium. Afterward in Saratoga, he stepped into the ring for another four round exhibition against Charles Schwartz, society boxing fan.

CHAPIN

WRITES SECOND LETTER FROM NEW ENGLAND

Walter Woodward of Chapin, G. S. Mer. Inter. Leg. B. Falls of Trip Thru New England States.

Walter Woodward of Chapin, who is spending a number of weeks in various parts of New England, has written another letter to the Journal. In a letter published last week Mr. Woodward told some interesting facts

about his trip, and in the following letter narrates some further experiences: South Royalton, Vt. August 16.

Dear Journal:— This is a continuation of my previous letter, telling something about my sojourn in the New England states. This morning the mercury stood at 42 above zero and is very comfortable. This is "Old Home Week" here in South Royalton and there is a program every afternoon and evening. Last night there was a band concert, open air moving

pictures and street dancing. The pavement on a certain block was cleaned and prepared and roped off from traffic. The orchestra was located on the sidewalk, and everyone was privileged to take part in the dance. I noticed many different kinds of costume, from ballroom dress to overcoats and furs.

Today is the dedication of the new public library which has just been completed.

On Friday, August 3, we left by automobile for a trip to the White Mountains in New Hampshire, a distance of 75 miles, where we first started up the mountain. Saturday we drove to Squam Lake and Mount Livermore, and visited the ruins of the Three hotels burned in a day in different parts of the mountains. Many tourists who visit the mountains each year.

Sunday we made a sixty-five mile drive, visiting many places of interest. First we went to Franconia Notch, where you first enter the real mountains. These mountains are mostly all solid rock, rising from 2,000 to 3,500 feet high. Of especial interest is Indian Head mound. On the very top is the perfect image of an Indian head, showing the feathers as they extend back over the brow of the head.

Next we visited the 57th, which I am unable to picture. It is a natural gorge about one mile in length, from 10 to 16 feet wide, 30 to 75 feet high, of solid rock, cut from the top of the mountain to the bottom with a stream of water running continuously thru it. In the spring of the year when the snow melts it becomes a raging torrent. A plank walk has been built from 6 to 10 feet above the water the entire distance, so that one may walk thru this wonderful place. I had the pleasure of walking thru the entire length and back again. Clogs are nailed across the walk at intervals to assist the tourist in making the ascension. It took an hour and a half to make the trip and during that hour and a half there were 250 people passed thru the gate, where a charge of 25 cents is made. The rock walls were dripping with moisture and cold as ice.

Later we went up as high as

we could with an automobile to view the Old Man of the Mountains. At the foot of this mountain stood the Profile House, one of the largest and best equipped hotels in the mountains, but this hotel was burned to the ground two days before we were here. It was a pitiful sight. Among the guests were Governor Cox and his wife from Massachusetts. Just beyond the hotel is Echo Lake, a beautiful little body of water, clear as a crystal, covering about 15 or 20 acres. Here boating, fishing and bathing are enjoyed by the numerous tourists.

We also saw in the distance Mt. Lincoln and the Lafayette mountains. There were many more places of interest which we were unable to visit. I would estimate there were a thousand automobiles up there. We have made several other minor trips and plan for more, which I will tell about in a later letter.

Sincerely yours,
Walter Woodward.

FREE KINDERGARTEN WILL RESUME WORK

The Jacksonville free kindergarten will resume its work this fall after a year or two of inactivity. The kindergarten board has been able to secure from the board of education a room in the first ward school building. The kindergarten is to be opened here under the direction of Miss Olive Smith, who is a graduate of the Chicago Kindergarten college and will come to Jacksonville with the highest recommendations. Miss Smith is to give training to one or more assistants and the arrangements are such that this training can count as one year's work in a course at the Chicago Kindergarten college.

The kindergarten was successfully operated here for a period of years thru the devoted interest of a group of men and women, and no doubt the same high order of good service will be continued.

EUREKA GRAND CHAPTER ORDER OF EASTERN STAR
Mrs. Mattie Jackson, Worthy Matron of Queen Esther Chapter No. 6, O. E. S.; Mrs. M. B. Davis, Mrs. Laura Lafayette and Mrs. Ellen V. Coen, past matrons, have returned from the 34th annual grand session of Eureka Grand Chapter, Order of Eastern Star of Illinois and jurisdiction which convened in Decatur, Ill., Aug. 14-16. There were 200 delegates present. The reports showed the order to be progressing numerically and financially.

The following officers were elected for the ensuing year:

AGED RESIDENT OF COUNTY PASSES ON

Thomas Stringer Who Came to County 72 Years Ago, Dies Saturday Morning—Was 97 Years of Age.—Funeral to be Held Monday Afternoon.

Thomas Stringer, one of Morgan county's oldest citizens, passed away at 12:30 o'clock Saturday morning at his home in the Hart neighborhood in the southwest part of the county. He was born 97 years ago last March 26, in Borne, Yorkshire, England. He came to this country in 1851 and so Morgan county in 1851. He had been a resident of the county 72 years, longer than many aged native residents. For several years after coming to this country, Mr. Stringer was employed by Jacob Strawn, the "cattle king." In 1869 he was married to Mrs. Mary Ann Hunt, who preceded him in death in 1898. To this union four children survive: Mrs. Laura M. Cockrill, Mrs. Margaret Fletcher, Mrs. Mary E. Scholfield and William T. Stringer, with whom the deceased had made his home for the past several years. Mr. Stringer was a man of high intellect and fine character. He always followed the occupation of farming, and his land lay in the extreme southern part of the county. For him death was only the continuance of sleep. During the past two weeks he had slept most of the time, and death came quietly and without pain.

Funeral services will be held at 1 o'clock Monday afternoon from the residence, in charge of Rev. G. T. Wetzel, with interment in Winchester cemetery.

ALEXANDER NOTES.
Mr. and Mrs. Noel Wiley and Mr. and Mrs. Luther Wiley attended the chautauqua at Jacksonville Saturday.

George Colwell expects to leave Sunday morning for Kansas City where he will purchase a carload of cattle.

DODGE BROTHERS RETAIL DELIVERIES BREAK ALL RECORDS

Number of Cars Delivered to Customers in Excess of Any Similar Previous Period

Since January 1st, Dodge Brothers dealers have consistently broken all previous records for delivery of cars to customers. Since April 1st, deliveries to customers have averaged more than 5,000 cars per week. This is without taking into account sales in foreign countries. Materially increased production in 1923 has made this performance possible.

For the first quarter in 1923 retail deliveries to customers were in excess of any quarter in the history of the business—even including the peak periods of 1919-1920. Following this, deliveries for April exceeded any previous month of the first quarter and delivery figures for each week in April exceeded the totals of the preceding week—each week creating a new high record. May maintained the pace established in April. June should be better than May.

Dodge Brothers are able to compile this sales information because of the co-operation of each of their dealers thruout the entire United States and Canada in sending in a weekly report of all retail deliveries made to customers. Thru these reports they have an accurate, detailed record of exact condition existing in each sales territory. Their calculations are based upon the number of cars actually consumed by the public, as they believe this to be the only true indication of conditions.

The constantly climbing delivery records coupled with increasing production, lead Dodge Brothers to believe that the last six months of 1923 added to the record breaking first six months will total by far the greatest year in the history of their business.

Mrs. John Conners was among the rural shoppers in the city Saturday.

TWO MONTHS IN CHAUTAUQUA WORK

Rev. Arthur R. Ewert reached Jacksonville Saturday evening, having covered the distance of 300 miles from Franklin, Ind., in ten hours. Mr. Ewert is just completing a series of chautauqua engagements which took him to various independent chautauquas in Illinois, Missouri, Iowa, Ohio, Kentucky and Indiana.

"Theodore Roosevelt, American" and "The Twentieth Century American" are two of the themes Mr. Ewert used in his platform work and in a third address he discussed conditions in Europe before and after the war.

In addition to making addresses on these themes Mr. Ewert in his chautauqua work has had charge of morning hour programs in a number of cities and has present-

ed a series of talks on political economy, philosophy, the Bible and still other themes.

Today Mr. Ewert will go to White Hall, where for the eighth consecutive year he will direct the chautauqua. The week following will come the eighth year's work at Mattoon this week complete two months' vacation period spent in very active work. Mr. Ewert will resume the work as pastor of Central Presbyterian church in Chicago September 1.

Mrs. H. A. Ruyle was a Rochester house shopper in the city Saturday.

Prest-O-Lite STARTING & LIGHTING Storage Battery

A mighty thrust for the quick start—with "repeat" ability

THERE was once a Motorist who Never Started Out without plenty of Gas, Oil and Water. And he Let It Go at That. Not once did he consider the Fourth Unit—Battery Juice—until

One night, after a day of many stops and starts, he put his foot on the starter and

called for another start. But there was nothing left in the little black box. And the starter's alibi was: "No battery reserve power!"

The Prest-O-Lite Battery uses less than one four-hundredth of its power reserve for a single start; and the generator quickly replaces that.

LATEST NEWS OF THE SPORTING WORLD

BABE RUTH IS NOW LEADING AMERICAN LEAGUE IN BATTING

Also is Far in Front in Total Bases, Runs Scored, and Home Runs—Hornsby Leading National with 405—Merry Races for Honors in Various Minor Organizations

CHICAGO, August 18. (By the Associated Press).—Babe Ruth, now the real King of Swat, having at last established his supremacy over all major league batters in all departments of batting statistics, Rogers Hornsby leads him by 10 points in official batting averages, but the Louisville slugger has played in fewer games. Ruth now leads the crown for home runs, total runs, bases on balls, extra base hits, and is within the select in stolen bases. All this despite the pitchers' apparent fear of his war club, as shown by the 5 bases on balls issued to Ruth. To August 12, one of the unique features of his batting record.

Ruth has taken the batting lead from Harry Heilmann of Detroit with .3945 to Heilmann's .389, according to averages including games of last Wednesday. He added three home runs this week, leading "Cy" Williams of the Philadelphia Nationals by one circuit clout, 30 to 29. Ruth has played 107 games and averages one run per game. His total record of 278 is far in the lead, his 144 hits including 28 doubles and three triples besides his home runs.

This Spauldinger veteran pilot of the Cleveland Indians, scored the greatest gain this week in points or his batting average, adding six points and taking third place from Jamieson, Cleveland. This moved Ty Cobb out of the select for the first time in a great many years, the Detroit manager being tied for 11th place with Vito of New York at .338, just two points below tenth position. Eddie Collins, the Chicago veteran, added four more stolen bases this week, his 35 now being more than double the nearest contender. Collins also is far in the lead in sacrifice hits with 3.

Other leading batters: Jamieson, Cleveland, .361; J. Sewell, Cleveland, .355; Williams, St. Louis, .346; E. Collins, Chicago, .346; Manush, Detroit, .343; Burns, Boston, .342; J. Harris, Boston, .340.

National League. Rogers Hornsby continues well as the lead of National League batters, adding one point last week to make his average .405. Each Wheat of Brooklyn, who has been out of the game with an injured leg, still holds second place with .382. Barnhart of Pittsburgh made the greatest gain of the past week, adding 6 points which just brought him within the leading ten. Roush, Cincinnati, dropped to eighth place, losing six points this week.

Pep Young of New York took the lead in runs scored away from his teammate, Frankie Frisch, adding seven runs to make his total 97, to 90 for Frisch. The latter still is holding the lead for total hits, with 467, and total bases, with 240. The Fordham flash by pounding out 167 hits, collected 25 doubles, 9 triples and 10 homers. "Cy" Williams, the elongated outfielder of the Phillies, who has been giving Babe Ruth a merry chase for the home run honors, added to his 29 circuit drives, and lost the major league lead to his American League rival. However, the Philadelphia veteran is far in front of the home run clouters in his own league. His closest rivals being Jack Fournier of Brooklyn and Jack Miller of Chicago, tied with 6.

George Grantham, of the Chicago Cubs, is rated as a 10 second man but despite this he is being given a close race by the veteran fly chaser, Max Carey of the Pittsburgh Pirates. Max jumped into the lead for a day or two, but has been able to steal only three bases in the past week while the Chicago flash grabbed an even half dozen and ran his string up to 33. Carey has taken 31.

"Stuffy" McNinn of Boston, by making one sacrifice during the week, has tied Pat Duncan of Cincinnati for sacrifice hit honors at 23 each.

Other leading batters: Bottomley, St. Louis, .368; Fournier, Brooklyn, .367; Frisch, New York, .355; Young, New York, .353; Raynor, Pittsburgh, .353; Roush, Cincinnati, .350; Southworth, Boston, .341; Barnhart, Pittsburgh, .340; Grimm, Pittsburgh, .339; Harrarave, Cincinnati, .339; Piernev, Philadelphia, .325; Dunan, Cincinnati, .325.

American Association. The consistency with which Combs of Louisville is playing has carried him up to third place among the batters of the American association and he is gradu-

MYERS BROTHERS PLAY INDEEDS TODAY

Fast Game is Looked For—St. Louis Cardinals Here in September.

Myers Brothers of Springfield will be the attraction at the South Side park today at 2:45 o'clock and it is sure to be a humdinger of a game. In the last set-to with that aggregation the locals carried the game into the tenth inning the visitors finally winning by a score of 6 to 3, making three runs in the last half of the tenth. The following will probably take the field for the Springfield team: Feeney, rf; Fernandez 2b; Albers 1b; Lascody lf; Moakley 3b; Watson ss; Richards cf; Alewelt c; Dove p.

Smith will start with the same lineup as last Sunday: Massinkoff cf; Christopher 1b; Ruble rf; Boyd ss; Kohloff 2b; DeFratres 3b; Smith lf; Clark c; Fanning p. The St. Louis Cardinals have written to Manager Smith that they will be here on either September 13th or 14th for the exhibition game provided Judge Landis gives his sanction and no reason is known for his withholding it. The St. Louis team are not yet able to say just which of the two days will be given to Jacksonville, as they are trying to arrange a game for some of the days with another down state team. But if sanction is given for the game the Cards will sure be here on one of the days, provided a sale of 1500 tickets can be made in Jacksonville and the surrounding territory, and this sale will start as soon as word is again received from the Cardinals. There are very few fans in this and surrounding counties who would not be willing to pay out 55 cents for one admission, or \$1.00 for two admissions to see this high class team perform as they absolutely guarantee to play their regular team in the exhibition game.

The Chicago & Alton railroad has already agreed to hold the southbound evening train until 5 o'clock, and as the game will be called at 2 o'clock the spectators need have no worry that they will not be able to witness a full nine inning game.

Other leading batters: E. Murphy, Columbus, .361; Brown, Indianapolis, .357; J. Smith, Toledo, .356; Good, Kansas City, .346; Griffin, Milwaukee, .345; Skiff, Kansas City, .345; Roth, Kansas City, .339; Christenbury, Indianapolis, .338; G. Wright, Kansas City, .336; Haas, St. Paul, .331.

Western League. Horan of Des Moines, by cracking out 14 hits in his last six games, has taken undisputed possession of top place among the batters of the Western League, according to average which include last Tuesday's games. The Des Moines slugger is hitting .399, 15 points in front of the hard hitting pitcher-sluggers Emil Yde of Oklahoma City, who is batting .384 for 63 games. Ben man of Tulsa suffered a slight slump but continues to keep close to the leaders with an average of .383.

Other leading sluggers are holding their own, there being practically no change among the first 10. The long distance sluggers have stopped knocking them out of the lots, McDowell of Wichita and Davis of Tulsa, remaining deadlocked with 27 circuit blows each. L. Smith of Little Rock ran his string of stolen bases to 41, having pilfered one base in the past week.

"Blakesley" of Wichita, in addition to running his scoring record of 104, brought his total base mark up to 300, his 168 blows including 36 doubles, 12 triples and 24 home runs. Other leading batters: Palmer, St. Louis City, .364; Lelivelt, Tulsa, .358; Blakesley, Wichita, .357; Corriden, Des Moines, .353; C. McDowell, Wichita, .350; McLarney, Des Moines, .346; Luleus, Oklahoma City, .346; T. McDonaid, Omaha, .345; Query, St. Louis City, .345; Klugman, Des Moines, .344; Metz, St. Joseph, .341.

Southern Association. The race for batting honors in the Southern Association has settled down to a steady grind, with few changes among the leaders. Hugh of Mobile, continues to top the regulars with an average of .384; Barber of Atlanta is topping Huhn with .370, but the former major league has played in only 48 games, whereas the Mobile star participated in 115. Cuyler of Nashville continues to be the sprinting sensation of the league. He stole seven bases during the week and is showing the way on the paths with 52 thefts. Neun of Birmingham being his closest rival for the honors, Neun has only 41 thefts to his credit.

Cuyler, although losing the honors of being the best rungetter to D. Williams of Mobile, who has registered 97 times, increased his total base mark to 231. Other leading batters: Bernsen, Nashville, .337; Herman, Memphis, .332; R. Williams, Mobile, .332; Smith, Little Rock, .331; Cuyler, Nashville, .330; Cueto, Mobile, .328; D. Williams, Mobile, .327; Guyton, Atlanta, .327; Tucker, New Orleans, .327; Nunnemaker, Chattanooga, .327; S. Clarke, Birmingham, .324.

IS NOW WITH THE STUDEBAKER AGENCY. Announcement was made yesterday by E. W. Brown, Jr., Studebaker distributor, that John Gibbs has taken a position with the Studebaker agency and will serve as sales manager. Mr. Gibbs, who is widely known, has had a number of years' experience in the automobile business.

CAPPS TEAM WINS TWILIGHT TITLE

ST. LOUIS, Aug. 18.—Washington won from St. Louis today 4 to 3. In the first inning Judge hit into right field stands for a four bagger behind Goslin, who had doubled and Rice who had walked. The locals tied it up in the eighth but in the final session Harris doubled scoring Rice with the needed tally. In the first inning Williams hit his 22nd home run of the season.

SCHOONER SHAMROCK ENTERED IN RACES

GLOUCESTER, Mass.—Aug 18.—The new fishing schooner Shamrock was launched today at the Essex yards of Arthur B. Story. The vessel has been entered in the race for Lipton Trophy off this port August 27 and her owners plan to have her trials next Friday, three days before the event. The Shamrock is somewhat smaller than the three other schooners entered for the Lipton trophy race—Mayflower, Henry Ford and Elizabeth Howard. Her dimensions are 130 feet overall, 105 feet water line, 26 feet breadth, 12 feet depth. Her sail area will be about 10,000 square feet.

REDS TAKE LAST FROM NEW YORK

NEW YORK, Aug. 18.—Cincinnati made it four out of five from New York today defeating the world's champions in their last appearance of the season on the local grounds, 5 to 2. The Reds defeated McQuillan for the second time in the series, knocking him out in the fourth inning when they bunched six hits for four runs. Rixey won his second victory of the series and was effective in every inning but the fifth when Young, Bancroft and Meusel bunched hits for two runs.

Cincinnati . . . 000 400 010—5 13 0 New York . . . 000 002 000—2 8 2 Rixey and Hargrave; McQuillan, Barnes, Garin, Jonnard and Snyder.

RUTH BREAKS UP BALL GAME WITH HOME RUN

CHICAGO, Aug. 18.—Babe Ruth by cracking out his 32nd homer of the season with two mates on bases in the ninth inning gave New York a 6 to 5 victory over Chicago in the first game of the series here today. With two out, two on base, New York two runs behind and two strikes to sneak one over the plate and Babe swung. His drive cleared the right field bleacher wall and gave the visitors the game. It was the third time this season that Ruth has defeated Chicago's little southpaw with a homer. Ruth was very much the entire game. In addition to his homer he drew two passes, cracked out a double and single for a perfect day at bat and was responsible for five of the league leader's runs.

BOSTON SCORES FOUR IN EIGHTH INNING

Enables Her to Win From Cubs by Score of 5 to 2—Smith, McNinn and Friberg Field Sensationally.

BOSTON, Aug. 18.—Three bases on balls, McNinn's triple and R. Smith's single gave Boston four runs in the eighth inning today and enabled the home team to win from Chicago 5 to 2. Feature plays were contributed by R. Smith, McNinn and Friberg. In the seventh a line drive by Osborne struck Genewich on the knee and injured him severely but he resumed pitching and finished effectively.

will produce both. Listen to this sad story: Dr. Mary Reesor, of the New York Health Foundation says, "Women have had only limited success at keeping well." She states that examination of a large group of women in industrial establishments, showed that sixty-five per cent suffered from digestive troubles. Of students at the summer school of one of our largest colleges for women, twenty-one per cent had indigestion, fifty-one per cent constipation, thirty-three per cent had dysmenorrhea, or painful menstruation, and fifty-five per cent had something the matter with their feet.

PARTIAL CAST FOR BIG PAGEANT

Many Local People to Appear in Pageant—Promises to be of Great Historical Interest.

The committee of arrangements for the Centennial Pageant at Nichols park on Wednesday, August 22nd, have practically completed the cast of characters, and the list comprises quite a large list of performers. The committee in charge of arrangements consists of Miss Mary Mathews, Mrs. Lillian Danskin, and Mrs. A. L. Adams.

The cast of characters as completed to date follows:

The News of History—H. H. Bancroft.

Early Day Indians—Delaware Tribe No. 78, I. O. R. M. and the Pocahontas Lodge.

Period of 1823, depicting the Kellogg Family, who were the first white family to settle in Morgan county.

Elisha Kellogg—A. Hulet.
Mrs. Elisha Kellogg—Miss Margaret Miller.

Seymour Kellogg—Len G. McGill.
Isaac Fort Roe—Charles H. Story.

David Berden—C. L. Reid.
George Nixon—F. E. Wana-maker.

Children of the Kellogg Families, represented by the C. A. R.—Bobby Henry, John Wright, Frederick Wright, Minna Margaret Adams, Margaret Caldwell, Catherine Kelly, and Henry Garner Story.

Pioneer Presbyterian Sewing Society, the first society of ladies organized in the state.

Mrs. John Ellis and two children—Miss Margaret Moore, Ruth Margaret Norbury and Petty Norbury.

Mrs. Ayers—Miss Virginia Bul-lard.

Mrs. Hackett—Mrs. Ruth Hackett Mitchell.

Mrs. Taylor—Mrs. Dorothy Danskin Newman.

Miss Benton—Miss Lillian Havenhill.

Miss Leeper—Miss Mary Louise Roberts.

Morganian Society, consisting of the leading people of the county:

Wiley B. Green—first Sheriff of Morgan County—Sheriff Oyer Wright.

Mr. Carson, Jailor—Edgar Jones.

Judge Samuel D. Lockwood—J. H. Dial.

Commissioner Seymour Kellogg—George Riggs.

Thomas Arnett—G. E. Dunlap.

Peter Conover—J. E. Osborne.

Clerk Dennis Rockwell—F. W. Brockhouse.

Mr. Turney, first lawyer—Hugh Green.

Manning Mayfield, justice of the peace—C. O. Bayha.

Reverend Joseph Basey, pastor—Rev. C. D. Robertson.

Dr. George Caldwell, physician—Dr. A. L. Adams.

Mrs. Carson, nurse—Miss Lucy Mount.

Mr. Brown, tavern keeper—Howard Burch.

School teacher—Burley Jones.

Hunter of Morgan—James W. Tribble.

Period of 1829—Yale Band and Trustees of Illinois College.

Period of 1832—Black Hawk War.

Black Hawk—Samuel C. Hunt.

U. S. Army Officer—L. F. Berger of Mercedola.

Period of 1837, reception of the Websters by Governor Joseph Duncan.

Governor Duncan—Carl Gordon.

Mrs. Duncan—Mrs. Herbert Capps.

Daniel Webster—Mayor E. E. Crabtree.

Mrs. Webster—Miss Georgia Osborne.

Miss Webster—Miss Hazel Strawn.

Judge Lockwood—J. H. Dial.

Mrs. Lockwood—Miss Mayme Black.

Truman Post—Truman Post Carter.

Mrs. Truman Post—Mrs. Truman Post Carter.

Period of 1838, Organization of the Independent Order of Odd Fellows—Elliott Craft, James Rice, Earl Gruber, Arthur Updegraff, James Campbell, W. E. Thomson, J. A. Paschall, and L. K. Sutton.

Period of 1839—The Schools for the Deaf and Blind.

Period of 1846—Illinois Woman's College.

Period of 1860, showing the officials and other prominent people of that period.

Black Hawk—Samuel C. Hunt.

Abraham Lincoln—Dr. H. C. Woltman.

Stephen A. Douglas—Carl E. Robinson.

Governor Richard Yates, Sr.—Captain Wesley James.

Judge Moses, secretary to Governor Yates—Rev. G. W. Randle.

Sheriff of Morgan county—Cyrus H. Mathews, Sr.

Uncle Sam—Rev. W. E. Spoons.

Your friend was pleased with the used car he purchased from us—We can satisfy you with one of our bargains.

DODGE BROTHERS ANNOUNCE IMPORTANT IMPROVEMENTS

Dodge Brothers have not simply brought out a complete new line of motor cars. They have done something infinitely wiser and better than that.

They have brought new beauty, new riding ease and new mechanical perfection to the product on which their reputation as builders has been founded.

They have built a better and a more desirable line of motor cars—yet basically and fundamentally the identity of their product remains the same.

The same sturdy engine is under the hood; the same dependable chassis, improved in numberless details, underlies the body.

But the rear springs—now underslung—have been materially lengthened. The wheelbase, too, is longer, and the combined result is a notable improvement in riding qualities.

Bodies of all types have been designed to give improved appearance, and greater comfort. Lower, longer, with deeper seats and more leg room, the lines of these new cars are low-swung and graceful—the interiors are comfortable and roomy.

New head lamps and fenders, especially designed by Dodge Brothers to conform with the general lines of the car—a long straight hood and cowl effect—longer and wider running boards—unusually wide doors—combination stop signal and tail lamp—and instruments attractively grouped on raised panel—are a few of the numerous body innovations common to all types.

Combining these features with important mechanical improvements too numerous and technical to enumerate here, it is not extravagant to predict a reception for these cars unprecedented in automotive annals.

ROTARY OFFICERS TO BE GUESTS OF CLUB

Local Rotarians Will Entertain
Presidents and Secretaries of
49 Clubs of 41st District—
Meet Next Sunday Evening,
Aug. 26, at Pacific Hotel, Then
at Mercedia Bay.

Sunday, Monday and Tuesday, Aug. 26, 27 and 28, have been fixed as the dates of the meeting of the presidents and secretaries of Rotary clubs in the Forty-first district, which will be held here and at the club house on Mercedia Bay. The Rotary officials will be guests of the Jacksonville Rotary Club, and arrangements are being made to give them a royal reception. The meeting is called by District Governor James M. White of Urbana for the purpose of getting before the representatives of the individual clubs the program of International Rotary for the coming year. "Governor Jim," as he is popularly known among fellow Rotarians, will preside at the conference. There will be a number of other speakers, and the club presidents will discuss the program and the particular needs of their respective clubs.

The delegates from the forty-nine Rotary clubs will assemble at the Pacific hotel in this city on Sunday evening for a supper and a general get-acquainted meeting with the local Rotarians. Committees in charge of entertaining the delegates are as follows:

Reception—R. W. Woolston, chairman.

Hotel—E. A. Brennan, Louis Frank, Charles Ehnie, Carl Gordon, and Earl Spink.

Transportation—W. E. Sullivan, Byron Armstrong, Charles Buhner, E. H. Gray, Len Magill, Cass Hamm and M. C. Hook.

Club house arrangements—V. R. Riley, Frank Heintz, Charles Hopper and Fred Begg.

Acquaintance and Fellowship—Paul Samuell, A. C. Metcalf, Harry Capps, Bart Johnson and James Guyette.

The delegates will be taken to Mercedia in cars Monday morning. They will hold their conference at the club house during the day and spend the night there, remaining for breakfast Tuesday morning. During the final day of the gathering the delegates can do as they choose, being entertained at the camp or disbanding. The forty-nine clubs in the 41st district, to be represented at the conference by presidents and secretaries are:

Centra, Champaign, Christopher, Danville, Clinton, Decatur, DuQuoin, East St. Louis, Effingham, Flora, Galesburg, Harrisburg, Herrin, Hillsboro, Lawrenceville, Lincoln, Macomb, Marion, Mattoon, Metropolis, Monmouth, Mount Carmel, Mount Vernon, Murphysboro, Olney, Pana, Perry, Carbondale, Canton, Cairo, Bushnell, Bloomington, Benton, Belleville, Beardstown, Assumption, Anna, Alton, Abingdon, Pekin, Peoria, Pontiac, Quincy, Shelbyville, Springfield and Jacksonville.

The president of the local club, Dr. A. H. Dollear, has appointed J. H. Dial to be secretary of the conference. He also appointed the committees given above and is at the head of arrangements for the big meeting.

FRANKLIN SCOUTS ENJOYED OUTING

The boy Scouts of Franklin who have been enjoying a week's outing at Mercedia under the supervision of Scoutmaster Miller Keplinger have returned to their home in Franklin. Those who enjoyed the camping trip were: Wayne Rolston, Lloyd Williamson, Roy Burnett, Julius Tannahill, Francis Tannahill, Rae Gibson, Leonard Smith, James Burch, Orville McElmar, Clarence Hart, Herman Rawlins, Byron Calhoun and Marlowe Miles.

Showing of high grade Fur Chokers today, at FRANK BYRNS Hat Store.

to arrange the matter while he is here an impromptu water pageant featuring the visit of Old King Neptune will be arranged, provided it does not interfere with the regular Chautauqua program at the park at that time.

Mr. and Mrs. Hayden Walker and daughter of 1003 South Clay avenue will leave this morning in their Ford car for a two weeks' trip to Denver, Colorado and vicinity.

LONGFELLOW TO BE HERE AUG. 22-23

Mention was made recently of the prospective visit of Commodore W. E. Longfellow to this city in the interest of the life savings corps of the Red Cross.

It is now announced that he will visit Jacksonville August 22nd and 23rd for the purpose of conducting examinations for lifesavers and instructors. To the list already published should be added the name of Roger Carter, who will also take the examination at that time.

Miss Lucille Stephens, R. N., announces that Commodore Longfellow will bring with him his Neptune costume and if possible

Coolidge Green

Yes, ladies, as green and clear as the most brilliant emerald you have ever seen. Then when its odor reaches you you are carried to the vast forests of the far north where the cleanest of all trees grow—"The Pines"—and what odor is more clean and wholesome than that of pine. What do you suppose it is? You'd never guess. But we'll tell you. 'Tis a new compound of pine and coconut oil, so blended that it makes the most wonderful shampoo you could ever imagine, giving that soft silky luster to your hair so much desired by all ladies. It's name is "PINEGLOW," for sale only by Coover Drug Co., for 50c.

P. S.—With the first dozen bottles we are giving a rubber shampoo cape, regular \$1.50 value, both for \$1.00.

Sure Fit Footwear

Nine-tenths of the foot troubles that are so common today are the results of ill fitting shoes.

OPERA HOUSE PASSES TO NEW OWNERSHIP

THOMAS SCOTT PURCHASES
PROPERTY FROM A.
A. CURRY

Conveyance Will Cover the Theater Only, the Remainder Being Retained by the Present Owner—Extensive Remodeling Program Will Be Carried Out in Making the Grand Thoroughly Modern

By the terms of a contract made Saturday, Thomas Scott will soon become the owner of the Grand opera house. The purchase was made from A. A. Curry, with E. B. Wiswell serving as the broker.

This important transaction has been pending for a number of weeks and all the details of the agreement were not completed until Saturday. Mr. Scott is not buying the entire building, his purchase being limited to the theater and all that pertains to it. This means that all entrances and exits, together with the auditorium proper, will become the property of Mr. Scott. The rooms above the entrances and exits, which are not within the theater area, will remain under the ownership of Mr. Curry. However, the contract provisions are such that should the building be destroyed by fire there will be no rebuilding right other than for Mr. Scott above the entrances and exits.

Mr. Scott has announced that he has remodeling plans already outlined and this work will begin immediately. The former entrance much nearer the corner of the public square than that now in use will be restored. There will be a complete re-arrangement of the ticket office and foyer, together with extensive changes in the balcony. The whole house will also be re-seated and an extensive re-decorating program will be carried out. It will be an entirely renewed theater when Mr. Scott completes the rebuilding program, which will mean the expenditure of many thousands of dollars.

While the theater will be used much of the time for pictures, the stage and scenery will be retained and high class road shows will appear from time to time.

Although not so old in years as the term might indicate, Mr. Scott is now the veteran theater owner of Jacksonville. He has been continuously successful in his undertakings and under his care and guidance his business steadily grown. He is now promising Jacksonville a thoroughly modern theater and that promise will be made good.

MRS. WALTERS DIED AT WESTERN HOME

Former Resident Here Passed Away at Elgin, Nebraska

Mrs. T. S. Knoles has received word of the death of her niece at Elgin, Nebr. The following is taken from Aurora, Nebr., paper: Nora Estelle Howe Walters was born at Jacksonville, Ill., Aug. 23, 1868, and died Aug. 2, 1923, at Elgin, Nebr. In March, 1888, she came from Illinois to Aurora, Nebr. On November 4, 1888, she was married to James Walters of Aurora. To this union was born one son, Charles Walters, who is now living at Mission, S. Dak.

Five years ago, Mrs. Walters moved from Aurora to Crookston, Nebr. For the last 18 months she had been failing in health, being afflicted with heart trouble and dropsy. She finally decided to come to the Aurora hospital for treatment. On August 1st, the start was made in a motor car. Due to Mrs. Walters' weakened condition, it was necessary for the car to travel in low gear all the time. Every time the car stopped Mrs. Walters would urge the drivers to continue, so they kept going day and night. At 3:30 o'clock on the morning of the second of August, when the car was just a short distance from Elgin, Nebr., she passed away.

Funeral services were conducted at the L. G. Howe home in Aurora by the Rev. Philip Shedd. Interment was in the Aurora cemetery. Mrs. Walters leaves to mourn her passing one son, Charles Walters, of Mission, S. Dak.; her mother, Mrs. Sue Howe, of Aurora, and two brothers, L. G. Howe, of Aurora, and Clyde Howe, of Anacortes, Wash.

L. C. GRADUATES WILL TEACH AT METROPOLIS

Miss Anna Frances Bradley, Miss Mary Leedy and Harvey Gunn, all of this city, and Miss Violet Murphy of Chesterfield expect to leave soon for Metropolis, Ill., where they will teach in the high school. All are graduates of Illinois College or the Conservatory of Music. Miss Bradley will be supervisor of music and art; Miss Leedy will teach English; Miss Murphy will teach mathematics, and Mr. Gunn will be the coach.

ANDY GUMP'S CREATOR HEARD AT CHAUTAUQUA

Sydney Smith Delighted Large Audience with His Cartoonist's Skill

With deft and skillful eyes and fingers, Sydney Smith, world renowned cartoonist and creator of "Andy Gump," charmed and amused his audience at Jacksonville Chautauqua yesterday afternoon.

"I will," said Mr. Smith, "draw for you a picture of an old time cocktail, and will then show you the evil effects of the same on the human system."

Willard Wesner, pianist, played sweet and music on the piano while the great caricaturist drew the cocktail and placed a rosy cherry in its bottom.

Then the artist's work grew swifter, and low, the cocktail began to take on the aspect of a soap, the cherry became a rosy nose, a plug hat was fixed on the boose fighter's head, and the picture of human woe was complete.

Mr. Smith continued thru several minutes to produce one after the other a series of characters, each made with an incredible swiftness and each causing unfeigned mirth in the audience.

One of Mr. Smith's most interesting tricks was the making of cartoons from letters of the alphabet. He would ask for some one in the audience to name a letter and then produced a funny picture from every one by the use of a few deft strokes.

The artist ascribed his skill to hard practice. He said that he had been advised when a boy to draw everything that he saw and was told that by the time he was 21 he would be astonished by his own skill in sketching. He then illustrated the law of perspective by drawing a picture of a railroad dwindling off into the horizon and a line of telephone poles beside it.

Next he proved his powers by drawing pictures of members of the audience. At first he drew a picture of what he said was the best looking man in the audience, not naming the fortunate individual. But when the sketch was nearing completion there was not a one who could not recognize it as the likeness of Dr. F. M. Rule. Seven other people came up from the crowd and were sketched as they posed. Each of these received his portrait signed with the author's famous flourish.

It goes without saying that Morgan county people were greatly interested in seeing this leader among cartoonists, for the creator of "The Gumps" now has a more than national reputation. The story of Mr. Smith's rise to fame reads like fiction. He began his art work as an obscure sign painter after, as a school boy having given some indication of his unusual talent in drawing. Then came the years of struggle establishing himself in the newspaper world of cartoons and afterward the great success. Today "The Gumps" means millions of dollars to Sidney Smith and the Gump cartoons appear through a syndicate in scores of leading papers in the U. S. and other countries. There are millions of people who follow the Gump family doings and for many of them the Gumps are living, breathing individuals in whom they have undying interest.

Following The Gumps from day to day gives ample proof that the cartoonist has other purposes than mere money getting for many a wholesome lesson is absorbed from the cartoons.

It is very interesting to Jacksonville people who met Mr. Smith to find that he is among the most approachable of men without the mannerisms that are sometimes assumed by successful artists.

As many people put it, Sidney Smith is "just as plain as an old shoe," and has the real simplicity that comes with real greatness.

MISS MARION MILLER WEDS HERE SATURDAY

Popular Local Girl Becomes Bride of J. D. Wilhoit of Chicago in Pretty Ceremony at Home of Mr. and Mrs. J. Marshall Miller.

Miss Marion Miller, second daughter of Mr. and Mrs. J. Marshall Miller, and J. D. Wilhoit of Chicago were united in marriage at high noon yesterday at the home of the bride's parents, 760 West North street, the ceremony being performed by Rev. B. H. Rogers of Mount Carroll, Illinois. The wedding was attended by about twenty relatives and intimate friends of the bride couple. The impressive ring ceremony was used, the bride and groom standing before a bank of ferns in the parlor. Previous to the ceremony Dr. Charles Chapin of this city, a cousin of the bride, played at the piano, "Oh, Promise Me."

The bride was attired in a gown of beige colored silk crepe and carried a shower bouquet of Sunburst roses. At exactly high noon the bridal couple descended the stairs, to be received by her father who gave her away.

The bride is well known in this city having graduated from the local high school and from Illinois college with the class of 1918. She has a wide circle of friends who will regret her departure. The groom is the son of Mr. and Mrs. R. A. Wilhoit of Martinsville, Ill. He was formerly cashier of the bank at that place, but now holds a position as teller in the National Bank of the Republic in Chicago.

The ceremony was followed by a three course dinner, after which Mr. and Mrs. Wilhoit departed for a two weeks' motor trip thru eastern states. They will be at home after September 15, at 728 Ridgeland avenue, Oak Park, Ill.

Out of town guests at the wedding included: Mr. and Mrs. James W. Miller and daughter, Mrs. Lowell Gill, of Decatur; Mr. and Mrs. M. E. Keplinger of Franklin; Mr. and Mrs. William J. Miller and Mr. and Mrs. Allen McCullough of Winchester. The bride and groom received a number of handsome wedding gifts.

SUIT IN ASSUMPSIT

The director general of railroads operating the Wabash railroad, against J. J. Jobst and J. T. Walbridge, is the title of a suit in assumpsit filed Saturday in the office of Circuit Clerk Wanamaker. The complainants are represented by Bellatti, Bellatti & Moriarty. The praecipe indicates damages in the sum of \$500.

Fruit jars, Mason, Foster and Kerr, all sizes; tops, lids, rubbers, tin cans, wax, everything for canning season; wicks for all oil stoves; high test gasoline. Call or phone your orders.

PIG FEEDING CONTEST CLOSES LAST FAIR DAY

A meeting of the committee on the Pig Feeding contest was held at the Farm Bureau office Saturday. The contest will soon come to a close and will terminate with a show on the last day of the Morgan County Fair at which time two contests will be held. First there will be a community contest for all communities in which there are five or more enrolled and prizes of \$4-\$3-\$2 and \$1 will be given for the best pigs in the community group. Following this, a general show will be held in which all who are enrolled may enter into the contest for the various prizes to be awarded.

In the general show, five prizes will be given for the best individuals among all the pigs. Then there will be prizes for the cheapest gains; for the greatest gains; and for the best pig-feeding story. The fair association will give to each contestant and his entry free admission on the last day of the fair at which time the contests will be held.

IS TRANSFERRED TO LOUISVILLE

SUNDAY MORNING, AUGUST 19, 1923

MRS. RAINEY SAYS EVERYBODY SHOULD DECORATE OWN HOME

**Congressman's Wife Tells How Walnut Hall,
Home of the Rainey, was Decorated
—Does Not Believe That Experts Should
be Employed in Carrying Out This Work**

CARROLLTON, Aug. 18.—Everybody should decorate his own house without the help of experts, and those decorations should reflect the personality of the house and its occupants, declares Mrs. Henry T. Rainey, wife of the congressman from the Twentieth Illinois district, whose home at Walnut Hill near here is famous throughout central Illinois for its colonial furnishings.

When the Rainey's acquired Walnut Hill 12 years ago, they began to furnish it in harmony with the architecture and with their own personal tastes. They decided that no interior decorator and no landscape gardener should be employed. Mr. Rainey's taste is reflected in the gardens, and Mrs. Rainey's in the antique furniture within.

"A chair is not just a chair—something to sit on," explained Mrs. Rainey. "It should have some personality, some tradition behind it. All furnishings should be like that."

The Rainey house was built just before the Civil war by a man of culture and taste. In the days when "Victorian" was popular the original owner built a plain home of yellow brick with graceful colonial carvings and tall windows, which let in plenty of light.

"We wanted to decorate the house in keeping with the idea of the original owner," explained Mrs. Rainey, "and so I went out looking for furniture of the colonial rather than the Victorian period."

But the mistress of Walnut Hill resents being called a collector. She declares that every piece of furniture she has purchased in her roving up and down the Atlantic coast was bought for a definite purpose and to conform to her ideas of harmonizing her home with its period.

She has a mirror from the Charleston home of General Francis Marion, "the swamp fox" of the Revolution. She has a table from the home of one of the Washington family where George Washington often had been entertained. There are other articles from the Yorkers house. She purchased the desk at which Jefferson Davis sat when a member of the House of Representatives.

There are other pieces to harmonize from the old Russian Embassy at Washington—all these things have been added to the nucleus of four poster beds, sideboards and bureaus which have been in the possession of the family since it cleared the forests and broke the virgin prairie of central Illinois.

"Some people say the romance has gone out of seeking old things," said Mr. Rainey. "I disagree with them. It is true that many dealers are a little too wise for comfort, but there still are many undiscovered treasures worth seeking. And it is great fun to look for them."

Mrs. Rainey's home has become so well known because of its contents that history classes from the school visit it every year to get some of the culture and refinement of colonial America.

"I should not advise everybody to search for colonial furniture," said Mrs. Rainey. "But people should realize that the things they live with should have personality, and they should harmonize with the house in which they are to be placed."

"You know the story about sweetness of low price never equalling the bitterness of poor quality; that applies to tires. Play safe; buy the best, Vacuum Cups. We are making a reduction of 30% Equip your car and note the difference.—BRADY BROS.

SWITZERLAND BEMOANS LOSS OF TOURIST TRADE

Geneva, Switzerland (AP)—Four years of high exchange have ruined tourist travel in Switzerland. Many hotel keepers are unable to pay their rent, some have failed, and business people say that if nothing is done to bring the current of travel back to the Swiss Alps, there will be many more failures.

"Switzerland was formerly the favorite path of tourists from all over the world," said one hotel proprietor recently. "Today it is the mecca of the idealist. No one comes here except peace makers and persons interested in the League of Nations."

It is estimated that 95 percent of the foreign travelers now in Switzerland are Americans, and the greater part of these are bound for Geneva to look into the functioning of the League of Nations. The heavy British trade has been lost because travel in the Italian and French Alps costs only about a third as much as in Switzerland. The people of other countries are unable to stand the high rate of exchange.

Complaint is made in Switzerland that the Federal authorities have done nothing to solve the problem. Meanwhile trade languishes and the Swiss people, with diminished incomes, go outside the country for their pleasure trips in order to economize.

The other evening the orchestra of the cafe that formerly was crowded from seven o'clock until midnight was playing to a single customer at a quarter past nine, and a half dozen waiters were lounging about with nothing to do but pray for time to pass.

**WILL GET BIDS ON
DERRIK BOATS**

Rock Island.—Major Beverly C. Dunn, head of the Rock Island district, United States engineers, will advertise soon for bids for two derrik boats at about \$50,000 each, to be used in improvements on the Mississippi river in the Rock Island district. Work will commence August 15 on a ferry dike opposite Clarkville, Mo. to cost \$20,000.

HITCHING RACKS NO MORE AT STATE FAIR

Visitors Will Miss Them This Year—No Need for Them in This Day of the Automobile

SPRINGFIELD, Ill. (By Associated Press)—When the Illinois state fair opens September 15, a land mark of other days will be gone. The old hitching rack where visitors at the fair have tethered their horses is being removed upon the orders of Walter W. Lindley, general manager of the fair.

The passing of the hitching rack at the state fair grounds is significant of its passing in towns and villages throughout rural Illinois, where farmers, who used to tie their horses in the town square when they came to do their Saturday marketing, now dash in and dash out again in their automobiles.

Last year the extensive racks at the fair grounds were scarcely used at all. Only five horse-drawn conveyances made use of it, and Mr. Lindley has decided to dispense with it. The whole problem of taking care of horses and family carry-all has become a problem of superintending the parking of automobiles.

The hitching rack, once an institution in every city, town and village of Illinois is disappearing rapidly, according to Mr. Lindley. In some places, however, the proposed removal has brought a storm of protests, and it has been allowed to remain in the square or the main street.

In Carrollton, county seat of Greene county, efforts to move it from its ancient position surrounding the court house park caused so much indignation that the reformers decided to let things be. Neighboring towns in that section still have a respect for the tethering post.

The passing of the family carry-all and the family horse does not mean the passing of the horse itself," said Mr. Lindley. "There will always be work for the horse to do on the farms of Illinois. The work horse is holding his own."

"Breeding for speed will never die out completely. Indeed, there is an increased interest nowadays. All one has to do is to watch the crowds who come to the state fair to be convinced that horses are here to stay."

"During the past few years there has been genuine indignation at the tendency to detract from horse exhibitions by adding other attractions in front of the grand stand here when racing or the exhibition of beautiful horses was going on."

FISH CLUB MEMBERS MUST PAY LICENSE

SPRINGFIELD. (By the A. P.)—Members of the fishing club which own land in Illinois used for club purposes are not exempt from paying fishing license provided by the last legislature, according to a ruling of Attorney General Brundage.

The question was presented by H. R. Rummel, secretary of the Paducah and Illinois Fishing Club, which owns land in Illinois and also leased a lake in this state for fishing purposes.

The new law provides that every person over 21 years must obtain either a resident or non-resident license to fish, unless they are the owners or tenants of farm land or children of such owners and tenants, and they must actually be residing on the land.

"It is evident," said the attorney general's opinion, that the intent of the legislature was to exempt parties owning or renting farm lands for that purpose and not a club owning land to be used for pleasure. Therefore the members of your club would not be exempt from that provision requiring a license, and being non-resident of the state of Illinois they would be required to pay the fee fixed by the act which is \$1.25 each."

The family of Mrs. C. L. Foreman thank all the friends and neighbors who gave so freely of their sympathy and assistance, in their hour of sorrow. For this we cannot be too grateful.

Drawing the Payroll

A paymaster of a German concern goes to the Reichsbank in Berlin to draw the weekly payroll. He takes along several mail bags, a cart and an assistant or two to handle the bales of marks he needs.

BUSINESS HAS A FRIEND AT WASHINGTON

COOLIDGE A GREAT ECONOMIST

Wellesley Hills, Mass., Aug. 17.—Knowing that Mr. Babson is a neighbor of President Coolidge, he has been continually asked during the past two weeks to make a statement as to the probable attitude of the new president toward business. Mr. Babson has, however, refused to do so until today believing that it was no time to talk business, and furthermore that President Coolidge should be permitted to make his own announcements. Now that the President has done so Mr. Babson has answered the question put to him.

"President Coolidge will be found to be a true friend to the agricultural, industrial and commercial interests of the United States," he says. "He is the first President to ever have had a thorough economic training. While at Amherst College he majored in Economics. Ever since graduation he has devoted a large part of his time to economic research. Those who have heard him speak or have read his books recognize the thorough work which he has along economic lines. The country is very fortunate to have a President who possesses this background. Other Presidents may have possessed certain qualities which President Coolidge lacks, but none have equalled him in judgment and ability to handle the great economic agricultural, industrial, and commercial problems today facing our country."

"Manufacturers may feel very safe with President Coolidge, owing to his training and environment," William M. Butler, whose name has been so constantly in the papers the past two weeks, is the head of the great group of Butler Cotton Mills in New England. These mills are located in New Bedford, North Adams and elsewhere and employ about 5000 operatives. Mr. Butler is also president of the Boston and Worcester Street Railway, a high-speed, double track, electric line operating between Boston and Worcester, which is the most successful interurban line in New England.

Mr. Butler combines a practical training with a practical business experience, and from him President Coolidge has absorbed a tremendous amount of industrial experience. President Coolidge's closest personal friend is Mr. Frank Stearns, the head of R. H. Stearns and Company, one of the largest department stores of New England. Mr. Stearns is a merchant who not only thoroughly understands a commercial world, but purchases a good deal from Europe. Most of our President's have been trained in legal or political life without being thrown into contact much with practical business men. President Coolidge has continually been in an industrial, commercial and agricultural environment.

"On the other hand, continued Mr. Babson, 'President Coolidge also understands the problems of the masses. He himself was born poor, has always been poor and is poor. His father was born a Vermont farmer and is one yet. President Coolidge was working in the hay field the day before he became President of the United States. The last time I talked with him he was especially troubled with the condition of the Western farmer. Our conversation covered a broad field but he continually came back to the problem of the farmer and said, 'We must do something for the Western farmer. What is the sanest and best thing we can do?'

No one better realizes than he that agriculture is the basis of American prosperity and that with thirty-three million people dependent upon agriculture for their income we must have prosperity in the West before we can have it in the East."

"The home life of the new President was illustrated by the news item which appeared in the papers on the eventful morning of Friday, August 3. The Associated Press Dispatch read: 'Mr. Coolidge came down stairs in his slippers, entered his father's sitting room, lit the lamp and read the telegram telling him that he was President of the United States.' Those simple words, 'slippers,' 'sitting room' and 'the lamp,' tell the whole story. Business has nothing to fear from the man with that environment and with such friends. Moreover, best of all, he is grounded on those fundamentals of religion which put the church and the home before even agriculture, labor, commerce or anything else."

"This means that the agricultural and business interests may feel safe regarding the White House. Regardless of what selfish politicians may attempt to do in Congress, there will be a sane man at the wheel. Uneconomic or unjust legislation will only be passed by riding over President Coolidge's veto. He plans to help the farmer; but will not permit the Esch-Cummings Transportation Act to be repealed or crippled. He will do something for the Veterans, but will not permit the passage of a bonus bill which will be harmful to the nation as a whole. He will stand for strengthening the Federal Reserve Board, the Railroad Labor Board, the Federal Tariff Commission, and other bodies working along sound economic lines, but may be expected to frown upon an unnecessary coal shortage or an attempt by organized labor to hold up the country or upon any legislation which endeavors to make water run up hill."

"For these reasons there has been a greater confidence among American business men the past week than current figures indicate. Altho the Babsonchart is 9 percent below normal, this decline is largely due to conditions in Europe and to fears of foreign bankers and foreign business men, who do not know President Coolidge. Furthermore, while we have been busy thinking during the past three weeks only of our Presidents, great events have been taking place in Europe. The newspapers have been unable to give this European news much space. I refer to the increase in the German Bank Rate to 30 percent and certain other radical changes. These changes have caused the Babsonchart to decline and have influenced our domestic stock and commodity markets. When, however, these Europeans understand President Coolidge, they should resume the buying of commodities and securities with a faith equal to that being shown by the financial and business interests of our own country."

**BARNYARD GOLF BOTHERS
MONMOUTH OFFICIALS**

Monmouth.—What to do with the horseshoe pitchers is troubling the city council of Monmouth. Citizens complained that they are blocking some of the city streets, so the mayor built them a nice court in the hope that they would segregate themselves.

But the experts in barnyard golf ignored the specially constructed court and stuck to the middle of the road. The court, they maintained, was sunny, and heat marred their game. Now the mayor plans to remove the pitchers to the city park where he is arranging a second court for them.

One woman complained that in her block more than a dozen automobiles are parked daily and that the "athletes" and crowds of spectators sometimes exceed 100.

MONTHLY CROP REPORT FOR ILLINOIS ISSUED

White and Sweet Potato Crop Poor to Fair.

Springfield. (By The Associated Press)—White and sweet potato crops favorable, hay below the average on a reduced acreage and tree fruits poor to fair summarizes the monthly crop report for conditions as they stood August 1, issued today by A. J. Surratt, agricultural statistician.

"Southern Illinois counties," according to the report, "have a fair hay crop due to more favorable early conditions there, but in the greater part of the state this crop has been handicapped by the dry spring, combined with heavy damage to clover from the 1922 draught and spring freezes this season. Old clover acreage is way short of the acreage a year ago and is a poor crop quite generally. There were some good Timothy stands mostly in the south but the crop is only fair for the state as a whole."

Alfalfa and red-top reports continue favorable. Hay harvest has been better than usual this season. The bulk of the crop has been secured in good condition. Tame hay condition for Illinois on August 1 was 76 percent compared with the average of 85. The state production of all hay is estimated at 3,758,000 tons compared with 5,383,000 tons last year and the average of 4,057,000 tons. U. S. production of all hay is placed at 97,335,000 tons compared with 27,112,791,000 tons last year and the average of 99,485,000 tons.

"The condition of apples on August 1 for the state is estimated to be 65 percent of normal indicating a total production of 6,753,000 bushels compared with 9,720,000 bushels last year and the average of 4,779,000 bushels. The outlook for the commercial crop in Illinois is estimated at 788,000 barrels compared with 1,829,000 last year and the average of 974,000 barrels. U. S. apple production prospect is 187,501,000 bushels compared with 201,000,000 last year and the average of 160,000,000 bushels."

Conditions of Peaches
Condition of peaches in Illinois on August 1st is estimated to be 45 percent or normal indicating a probable crop of 723,000 bushels compared with 1,100,000 a year ago. U. S. peach crop condition is estimated at 1,829,000 bushels compared with 58,700,000 last year and the average of 42,700,000 bushels. The state condition for pears is 57 percent indicating a crop of 402,000 bushels compared with 510,000 last year. The commercial crop of pears in Illinois is very light this season. The watermelon-cantaloupes crops are up to average or better as a rule, with the state condition estimated at 77 percent compared with the average of 73 percent. Melons are coming on to market quite generally.

"White potatoes suffered some what from hot weather during late July, but the state prospect is well above the average and the best in recent years. The August 1st condition of 82 percent compared with the average of only 68 percent for the past ten years. State production outlook 9,563,000 bushels compared with 7,497,000 bushels last year. U. S. production prospects is for 379,558,000 bushels compared with 451,000,000 bushels last year and the average of 388,000,000 bushels."

"The condition of sweet potatoes for Illinois is estimated at 87 percent compared with the average of 77 percent. State production outlook 947,000 bushels compared with 855,000 last year. U. S. production 93,971,000 compared with 110,000,000 last year."

Broomcorn Crop
"Broomcorn condition for Illinois on August 1st was reported at 85 percent compared with 89 percent last year and average of 80 percent. State broomcorn production is forecast at 8,100 tons compared with 7,100 tons last year the average of 6,340 tons. U. S. broomcorn production is forecast at 90,000 tons compared with 35,000 tons a year ago, and the average of 49,500 tons."

"The condition of pastures in Illinois on August 1st was 74 percent compared with the average of 73 percent. Pasture conditions showed a marked decline in late July, but have been improved by heavy rains, since the close of the month."

POST OFFICE ALERT TO PROTECT PUBLIC AGAINST SWINDLERS

**Issues Fraud Orders to Eliminate Circulars
and Advertisements for the Get-Rich-
Quick Swindlers—One Order Recently
Saved \$21,000 Sent in Letters by Victims**

WASHINGTON, Aug. 18.—The United States government takes considerable care in protecting the bank accounts of its citizens, and many and varied are the schemes it is called upon to use in order that the gullible will not lose their savings of years. But perhaps the most interesting of all is the method of the Post Office department, which issues "fraud orders" to eliminate from the mails the circulars and advertisements of the get-rich-quick swindlers.

How much this system actually saves investors during a year it is almost impossible to estimate. In one recent instance, as the result of a single fraud order, 21,000 letters, each believed to contain a dollar bill, were intercepted and returned to the senders.

When investigators of the Post Office suspect an individual or company of sending through the mails letters advertising matter of a fraudulent nature, inspectors are given the case to gather evidence. Should suspicions be backed by facts, the persons are cited to give reason why a fraud order should not be issued against them. A hearing is conducted and, if the charges are sustained, all postmasters are ordered to return to the senders all mail addressed to person or company in question. Those not bearing return addresses find their way to the Dead Letter Office, and the money enclosed is turned into the national treasury. Very often the fraud order is followed by court action against the offenders.

In recent months Postmaster General New has instituted a determined campaign against mail frauds. Especially have his efforts been directed against purveyors of worthless oil stock and lands in the Southwest. As a result many operators have been tripped up in their promises of thousands of percent of profit to their dupes investors.

Fake stocks are the principal commodity dealt in by those who milk gullible readers of circulars and advertisements, but many unique and interesting schemes to market other commodities have been uncovered by the department's activities. One of the most recent was the case of a man who advertised blooded hunting dogs at very low prices and delivered mongrels picked up at random, with faked pedigrees.

Another advertiser boasted of having found a sure cure for tuberculosis, but when government chemists discovered the brown, slippy liquid was mainly creosote and maltose, a fraud order speedily put him out of business.

Schemes to beat the prohibition laws often come to the attention of the postal authorities. Several consisted of powders to which water was to be added to produce wines, beers or other alcoholic drinks. Officials held that if the materials actually contained alcohol they violated the dry laws, whereas if they did not they violated the postal fraud regulations.

Morgan County Fair Plans Fast Maturing

The third annual Morgan County Fair will be held August 28 to 31 and will be the largest exposition ever given in western Illinois. With each year the Morgan County Fair association has made great strides and this season will stage their greatest achievement. The exhibits will show graphically the remarkable progress made thruout the county in livestock raising, home making, agricultural and children's work during the past year.

Morgan County, always noted for its fine livestock, will exhibit its prize specimens en masse and the numerous entries will compete for \$10,000 worth of premiums. The liberal prizes and the high quality of the exhibits is attracting state wide interest and will draw many interested visitors. The great livestock department, however, will not hold all the attention of spectators and entries. The other departments, including the household sciences, domestic arts, horticulture, confections, farm products, poultry, and the children's work have been intensified and developed during the past year until they now vie with each other for the greatest prominence. The entries for those competing exhibits are pouring in every day and assure the public and the Fair Association that the departments will make wonderful exhibits and be intensely interesting.

Entertainment Features
The entertainment program for this year is the best and most thrilling yet. Horse racing every day will furnish thrills for horse lovers. The entries for the races are coming in strong and include many nationally known racers. The Association has strained every effort also to provide the most unique, daring and unusual entertainment and performers that can be obtained. There will be a daring balloon ascension every afternoon of the big exposition by one of the most famous balloonists in the country. An excellent musical comedy, Lew's Revue, has been obtained

BIDS FOR COAL
Sealed bids for furnishing 1 1/4 inch screened lump coal for all county purposes for one year will be received at the office of the County Clerk until Monday, August 20th, 1923, at 2 o'clock p.m.

A separate bid to be made on coal for the County Home. All coal to be weighed over the City Scales except that delivered at the County Home, which is to be weighed at the County home.

The successful bidder must enter into a contract and give bond for the faithful performance of the same.

The County Board of Commissioners reserves the right to reject any and all bids.

Dated this 11th day of August, A. D., 1923.
GEORGE L. RIGGS,
County Clerk.

Your Blood—
the secret of **Vitality!**

YOU, too, may be more attractive. It is the blood that circulates thru your body and comes to the skin that makes the "glow." It is the rich blood that clears away pimples, skin eruptions and makes the skin youthful and clear. It is rich blood that feeds the flesh and rounds out the body naturally.

Then why not use this simple reasonable way to have more strength and more vitality and attractiveness that follows?

S. S. S. is one of the greatest blood-cell builders, body-builders and blood-cleansers of all time. Its medicinal ingredients are purely vegetable.

S. S. S., because of its blood-building power, is a remarkable builder of firm flesh. It fills out hollow cheeks and beautifies the complexion as thousands of men and women can testify.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

S. S. S. The World's Best Blood Medicine

Judgement is maintaining the high standard and quality thruout that has always been the ideal of the Fair Association.

Stock Judging
Beginning Tuesday morning the judging of the livestock entries will begin and will continue thruout each day and evening. There will be horse shows for each class conducted by competent judges. This feature of the judging promises some beautiful exhibits. Friday noon at 12:30, the livestock department will stage its grand finale with a great parade before the grand stand of all the premium stock. Thousands of farmers and stock raisers will be on hand for this event, an innovation that

will picturesquely show the magnitude of the exposition.

The fair grounds are being prepared by a force of workmen for the big occasion. Bids for concessions are keeping the mails and telephones busy and exhibitors are arriving to stake out their locations. With each passing day for entries, the 25th, approaches. There has been no date set as a time limit for concession seekers as the application or arriving so fast that a few more days will see all the available space subscribed for. All the exhibits will be in place and ready for the public when the fair opens Tuesday morning, the 28th.

The Fair Association is ex-

pecting record breaking attendance this year and estimates the four day total at 50,000, if weather at all decent prevails. People all over this part of the state are interested and are coming to see and enjoy the wonders of the "Little State Fair."

RETURN TO GARY
Mr. and Mrs. H. A. Day who have been spending the past fortnight visiting relatives and friends in this city and vicinity, left yesterday for their home at Gary, Ind.

Mrs. Clarence Roberts and son Milo, were among the Beards-town callers in the local business district Saturday.

PROHI PROSECUTION UNDER REVENUE ACT

Sast St. Louis. —By The Associated Press.—"Prosecution of offenders of the Volstead act should be under the terms of the internal revenue laws of 1862," Federal Judge English has decreed.

Judge English said that supreme court held that the enforcement of the Volstead act repealed the old revenue law, which provides that all property belonging to a violator could be seized by the government. Congress has rectified this, however, the judge said, and made it possible to prosecute any offender of the liquor law either under the terms of the Volstead act or the internal revenue law.

The internal revenue law states that any violator may have his property and other possessions confiscated and turned over to the government, and anyone holding a lien or mortgage would lose the security. Under the Volstead law anyone holding a lien can receive judgment to the amount of the lien.

"I understand that the government is contemplating the enforcement of the internal revenue law in such cases that could be tried under its jurisdiction," said Judge English.

The statement from the judge followed the appearance of Warner Vespe of Danville, who was charged with the possession and transportation of liquor. The judge asked the sheriff if Vespe knew that his car would be held by the government.

RUSSEL HARVEY WILL TEACH AT CENTRALIA

To Tire Users of Morgan County

A manufactured article which depends entirely on workmanship and material, made on a quantity-production basis, is very apt to vary in quality.

The effort at uniformity of product is therefore responsible for the slightly increased cost of goods offered for sale.

To you as a user of tires, one tire means everything. If it is a good one you have pleasure and safety. If a poor one you have grief and danger.

Are you sure the tire you purchased at a few dollars saving is a good one? Are you sure if you go back where you got it the merchant will be there and still be selling that brand?

It is for the reasons set out above we have handled a quality tire, made by an organization that want to deliver to you what you pay for, that is, "every tire 100% a tire."

If you too are trying to do your part 100% and appreciate quality and fair dealing, come on and join us. We are both going the same way.

Betrothed

Miss Juliette Crosby, daughter of Oscar T. Crosby, assistant secretary of the treasury under Wilson, will marry Arthur Hornblow, Jr., a playwright, at the home of her parents at Warrenton, Va., Sept. 1.

AMERICAN IN CZECHOSLOVAKIA LONGS FOR HOME THINGS

"You may think I'm silly," wrote Mrs. Julia Kozak, of Prague, to her parents in Omaha, "but these are the things that I want more than anything else in the world."

Then followed a list of American products which money cannot buy in far-off Czechoslovakia, where the young American girl is now living, in a palatial home, with her husband, a wealthy paint manufacturer of Prague.

"And I want some Grape-nuts, and good baking powder (the kind here doesn't raise worth a cent), and some olives, and some real American pancake flour," the letter went on to say.

Mrs. Kozak, formerly a violin teacher at Darlington Seminary, Philadelphia, was born and raised in Omaha. Two years ago she married Mr. Kozak, and went to Czechoslovakia. Although most enthusiastic in her description of her luxurious home, her summers at the fashionable Switzerland, she still longs for the familiar comforts of her childhood days and declares that nothing can compare with life in America.

In response to her letter, her father, Mr. Charles Stenicka, of Omaha, has gone to visit his daughter, crossing the Atlantic laden with Grape-nuts and other all-American products.

Where Quality Counts

One third of the cost of a good plumbing, heating or electric job is for work hidden from sight beneath walls and floors, and underground. Costly trouble is sure to develop unless this "unseen" work is properly done. Reliable materials and skillful workmanship cost less in the end—and we supply 'em.

ALL FEAR FER-DE-LANCE

Reptile, Almost Impossible to Combat, Causes 100 Deaths Yearly in Island of Martinique.

A splendid specimen of the deadly "fer-de-lance" snake has just arrived at the London zoo's reptile house, where it is fretting because it cannot bite anybody. Henri Pickel, writes in the Cincinnati Enquirer. To tell the honest truth, this reptile is a beast. Even the Encyclopedia Britannica, which hesitates to say a harsh word about anything, calls the "fer-de-lance" "the most ill-famed" of the serpents.

Unlike the majority of the snakes, it does not seem to mind the approach of a human being—it just bites him. As the venom is as bad as the worst manufactured in the snake world, and as, in addition, its favorite haunts are coffee and sugar plantations, it is not surprising that in the island of Martinique alone it causes 100 deaths a year.

There is a special laboratory locally where the chief industry is the manufacture of anti-"fer-de-lance" serum, with which victims are inoculated in the hope of saving their lives. Even with the treatment, about half of the patients die, it is said.

The "fer-de-lance" is usually a dull olive green in color, which makes it extraordinarily hard to detect among the vegetation, and the fact that it gives no warning in the shape of a hiss or rattle also increases its chances of making a human "kill."

Yet, it is said, that the ordinary pig is practically immune to the bite of this terror, and tramples on it contemptuously before eating it. Possibly the pig's armor of pure lard prevents the poison getting into the circulation.

HIS WIFE WAS TOO EAGER

Followed Instructions When She Saw Her Hubby Come Home in Cab From Game.

Tommy Dribbler was being given a trial for the green and renowned football club, the Hackers and Hushers. If he was a success, he would be signed on as a pro at a weekly salary of—Hush! Several income-tax collectors read Answers!

"Becky," he said to his wife "if I am asked to sign professional forms I shall drive home in a hansom cab; so if you see me coming down the road in a cab, throw all the furniture out of the window, for I shall buy you a new home."

"All right!" said Becky, as Dribbler left.

After a long wait Becky saw the hansom cab coming along with her hubby inside, and straightway she started throwing the furniture about.

But poor old Dribbler seemed perturbed, and at the top of his voice he shouted:

"Stay your hand, Becky! I've broke my leg!"—London Answers.

Running the Gantlet.

The custom of punishing a culprit by forcing him to "run the gantlet" is said to have originated in the Thirty Years' war (1618-48), and to have been adopted by European armies as a mode of punishment. The culprit, stripped to the waist, was obliged to run repeatedly between two lines of soldiers facing each other. Each soldier struck at him with a short stick or switch. The word "gantlet," as here used, has not the meaning usually given it—that of an iron glove—but is simply a corruption of gantlope or gatlope, and is derived from the Swedish gatlope, meaning "running down a lane." Some etymologists, however, derive the word from the German gassenlaufen, which means "running the lane," and others from the Dutch gangloopen, having the same meaning.

Once Wonderful Temple.

The Temple of Karnak is a stupendous ruin situated in the ancient city of Thebes, Egypt, on the eastern bank of the Nile. It covers an area of nine acres, and consists of temples, courts, obelisks and avenues of sphinxes. Karnak was built in part by Osirtasen I of the twelfth dynasty, and was greatly added to by its monarchs of the eighteenth century. The grand hypostyle hall of the temple contains 12 massive columns 62 feet high and 12 feet in diameter, together with 122 smaller columns and two obelisks. The walls are adorned with sculptures depicting the victories of Seti I and Rameses II. These walls are said to have been originally 80 feet high and 25 feet thick at the base.

A Judge's Busy Day.

Lord Shaw of Dunfermline tells an amusing story of an experience in the old days when the Scottish bench in Edinburgh were accustomed to dine at four o'clock in the afternoon, then went on till late or early, according to the cases before it. At two o'clock one afternoon a client called on a distinguished lawyer, and was told by the serving maid that he was at dinner. "At dinner at two o'clock in the afternoon!" exclaimed the visitor, incredulously.

"Yes," replied the maid, "but it's yesterday's dinner he's eating the now."—From the Argonaut.

Good Wishes.

Mr. Rockwell had just become the proud father of bouncing twin babies, when he encountered one of his wife's women friends.

"Congratulations!" she said. "I hear your wife gave birth to twins."

"Thank you!" he answered, excitedly. "The same to you and many of them!"

Runs in the Family.

Teacher—Jimnie, define and give some example of heredity.
Jimnie—It means that—that if your grandfather didn't have no children your father wouldn't have none neither—and neither would you.

SAYS ALBANIA IS QUIET AND ORDERLY

Tirana, Albania (AP)—W. F. Stirling, official adviser to the Albanian government, who has just completed a tour of the whole country, says the reports of insurrection and fighting in Albania are pure inventions, and that the country was never more tranquil.

The state of public security is remarkably good, Mr. Stirling declares, and no Balkan country was ever more orderly. The Albanians are a keen and enterprising people, anxious to develop their country and attract foreign capital to assist them in exploiting its wealth.

LOCAL YOUNG PEOPLE GOING TO EVANSTON

George W. Barrett of Peoria is spending the week-end with relatives in this city and vicinity.

POVERTY ENDS ROYAL ROMANCE OF MANY YEARS

London, (AP)—The post-war poverty of many once powerful nobles has brought before the public the sad ending of a royal love affair.

The story is the romance of Princess Louise of Belgium, daughter of Leopold II, who married Prince Philip of Coburg, and about thirty years ago left her husband and her two children to elope with Captain Veza von Matsich, a Hungarian nobleman.

The princess was divorced by her husband, and Captain von Matsich lost his commission in the Austro-Hungarian army. Following the war money became scarce, and the lovers were compelled to move from their palatial residence in Vienna to a small village.

The princess disputed the will of her father, who left everything to his morganatic wife, the Baroness Vaughan, but she lost the suit. Then she appealed to her sister, the Princess Stephanie Lonyay, former Crown Princess of Austria.

Princess Stephanie offered to allow Louise, who is now 64 years old, to spend the rest of her life at the beautiful castle of Oroszbar, in Hungary, on condition that she leave von Matsich. The offer was accepted, and friends now have found another home for the penniless captain.

RAINFALL FOR YEAR BELOW NORMAL AVERAGE

George H. Hall, co-operative United States weather observer at Alexander was a visitor in the city yesterday.

Mr. Hall in speaking of the weather said that the average normal rainfall for the year was about three inches behind. He said that about five inches of rain had fallen during the month of August, which is about the normal average.

MAJESTIC RANGES

Begins Monday, August 20

The old reliable Majestic, "the range with the reputation," the product of years of satisfactory service and carrying the endorsement of over a million householders, has been carried to the point in design where it well deserves the title of the most beautiful range in the world.

Nothing has been left undone that would add to its service or its good looks. When you see it we are confident that you will agree that the New Majestic is the most practical as well as the best looking range ever offered.

12 Piece Set of Enamel Ware Free
With Each Range

The body is made of Majestic Charcoal Iron which resists rust five times greater than the constructions of other range bodies, using steel. This is proved in an actual scientific test. The smooth inside and outside make it very easy to clean. The new and graceful leg nested on an enamel porcelain floor rest adds greatly to the beauty of the range, as it keeps the nickel from getting rusty when you clean the floor.

We will give with every range sold during this demonstration a beautiful set of copper consisting of one teakettle, one percolator, one teapot, one large pan, or a twelve piece set of enamel ware. We will be pleased to have you call during this demonstration and see this wonderful range.

AUTHENTIC HISTORY OF WORLD WAR

Springfield. — By The Associated Press. — When little children gather around their father's knee to hear a story of the World War, he draws on the storehouse of his memory to thrill them.

Far from this is the method of the State Historical Society which already has three volumes in preparation on the part Illinois and Illinois men in the great gathered in these three volumes, says Mrs. Jessie Palmer Weber, librarian of the State Historical library, are only the preliminaries.

"Some day," she said, "a historian will take the material gathered in these three volumes and will write the story of the war from evidence collected. Memory makes a poor historian, because it is not dependable. These volumes are only a beginning."

Miss Margaret Jenison is collecting the material for this historian of the future. She will collect the material, and the historian will furnish what Mrs. Weber calls "the judicial eye" that is, he will weigh the evidence collected and judge its worth in writing of the epic struggle.

"Historians depend very little on the recollections of participants in a war," said Mrs. Weber. "The modern writer may use such collections for developing 'atmosphere' but when he wants facts, he has to have documentary evidence. That is why the Historical Society is getting everything in 'black and white.' The accumulation of these data is in the hands of the records section of the Illinois State Historical society."

"Many patriotic Illinoisans have had a hand in collecting the material. The records of local B. D. Cross societies, ex-soldiers' boards and historical societies have been available. Files of the leading newspapers of Illinois, too, are kept to tell the story of the war day by day."

The first two volumes, now in proof, to be issued by the records section will prove an interesting reading to the layman, for the most of these materials are statistical. The third volume, now in preparation, will be a human interest document and will contain letters sent home by men in various branches of the service.

ARE GUIDED BY INSTINCT

Lower Animals Avoid Danger in a Manner That to Mankind is Remarkable.

The Metropolitan railway in London, England, generally known as the "underground," is infested with rats, and every effort is made to exterminate them. The electric current runs through one of the rails, but the other is free.

An official on the railway, who was setting traps on the line bank, told a newspaper representative that at certain places the rats can be observed, and he had noticed how careful they were to avoid the live rail.

They make their holes along the banks of the railway, and actually within a few inches of the deadly rail.

"I have watched them making their way across the lines from one hole to another," he said, "and noticed that they go unhesitatingly over the ordinary metals, but they never go near the rail through which the current is passing. They will carefully go under it, but will not even touch the wooden rails which are on either side."

Special men are employed to keep the rat population down, and they have noticed this artfulness. Asked if rats had any special sense which enabled them to detect danger from electrically live metals, a zoologist said that the problem was an interesting one, but obscure.

An official of the Zoological society said that no experiments had been made to his knowledge to test this, but it was known that many animals possessed a faculty for detecting danger when human beings lacked. In this case the extreme sensitiveness of the end of the rat's whisker might be the aid.

In like manner, many cases have been recorded of such highly developed sense in dogs and cats. Most dogs know when a person is in fear of them.

GOT HIM INTO PICTURE

More or Less Happy Bridegroom Not Absolutely Left Out of the Wedding Notice.

Jenkins was substituting for a day or two during the temporary absence of the regular society editor. He is a detail man, quick to notice omissions and call attention to them. So when Miss Daisy Blank came in with a long story about the wedding of her dearest chum, Jenkins took his pipe out of his mouth and studied the delicate missive. He grunted at the adjectives about the bride's costume, frowned over the elaborate decorations and the lengthy description of the music and the singing and then said to Miss Daisy:

"Who was the unhappy man?"

"You mean the groom?"

"Yes. There has to be a groom at a thing of this sort, doesn't there?"

"To be sure," and Miss Daisy blushed a bit. "It was Mr. William Smith—didn't I have him in?"

"Not that I can see."

"Well, put him in somewhere, please. Of course he was present also."

So Jenkins wrote at the bottom of Miss Daisy's exquisite little sketch, "Bill Smith was also present."—Harper's Magazine.

Tortures of Thirteenth Century.

The rack and strappado were in use as methods of torture in southern Europe in the Thirteenth century, says the Detroit News. The rack was a triangular frame on which the prisoner was stretched and bound, so that he could not move. Cords were attached to his arms and legs and then connected with a windlass, which, when turned, dislocated the joints of the wrists and ankles.

The strappado, or vertical rack, was no less painful. The prisoner with his hands tied behind his back was raised by a rope attached to a pulley and windlass to the top of a gallows, or to the ceiling of the torture chamber. He was then let fall with a jerk to within a few inches of the ground. This was repeated several times. The torturers sometimes tied weights to the victim's feet to increase the shock of the fall.

Wonders of Education.

The doctor was calling on old Mrs. Canny. She was not very ill, but she always had some question to ask the doctor that had nothing to do with her own case.

"Doctor," she said on this occasion, "can you tell me why it is that some people are born dumb?"

The doctor thought for a moment.

"Why—hem—certainly," he replied; "it is owing to the fact that they come into the world without the faculty of speech."

The old lady gazed at him in admiration.

"There, now," she retorted. "Now just see what it means to have had a physick education. I asked Thomas more than a hundred times why it was, and all he could say was, 'Cause they is.'"

Wife Didn't See This.

Employees of the library division of the city hall gave the most recently married member of the official family a rousing sendoff when he and his bride left on a motor honeymoon tour through the East. The couple promised to write from down East, but it was four or five days before friends received a post card.

After reciting a few of the events of the trip the message concluded: "We are having as good a time as may be expected under the circumstances." — Columbus Dispatch.

Love Lurks Even Behind the Clouds

MRS. CYRIL TURNER

By NEA Service

Los Angeles—Aerial courtship—but a wedding on earth! When an aviator and an aviatrix wed, one might suppose the ceremony would be held in the clouds.

But Captain Cyril Turner, British ace and sky writer, and Andree Pewre, French girl, thought that the ordinary, matter-of-fact, man-of-earth way would do for them.

Mrs. Turner owns her own plane and loves to jaunt around in space. She has an altitude record of 15,000 feet.

FATHER HICKEY RESIGNS POST

Well Known Priest For Many Years Located Here Tenders Resignation as Vicar General on Death of Bishop Ryan.

SPRINGFIELD.—By the A. P.—With the death of Bishop Ryan of the Catholic diocese of Alton, Father Timothy Hickey, whose life story is the story of the Alton diocese, automatically relinquished his post as vicar general.

Father Hickey has been in the priesthood 65 years, and the entire period of his service has been spent in central Illinois with the exception of a few months in Ireland before he came to this section, which was then missionary territory for his church.

During the period he has seen the diocese grow from a few little parishes of struggling Irish immigrants to an organization with many schools, convents and charitable institutions.

The appointment of a vicar general in the Catholic church rests with the bishop himself, and when the bishop dies his officers give up their posts. Father Hickey, who will be 82 in November, was appointed by Bishop Ryan in 1889, the year following his consecration as bishop of Alton. For 34 years, then, Father Hickey has held the second highest post in the diocese.

He served as priest at Morrisonville, Virden, Farmersville, Raymond and Decatur, finally going to Jacksonville, where he remained until 1888. During that time the Dominican nuns, who have since built up their school system, began to expand. They had founded their convent in Father Hickey's Jacksonville parish but a few years before he went there.

He came to Springfield in 1888 to the parish of the Immaculate Conception and there he has been ever since. Finally his church became too large, and he then was instrumental in founding and building St. Patrick's.

Were Father Hickey 20 years younger, a priest high in diocesan affairs said recently, he undoubtedly would be the next bishop of Alton. Since he is 82, however, a younger man will be chosen, though it is likely that Father Hickey may be retained as vicar general.

He was born at Mill Street, County Cork, in 1841. Before coming to America he became a student at All Hallows college in Dublin, and after his ordination came to Illinois, where he has lived continuously ever since.

SPRINGFIELD MAY HAVE UNIVERSITY

Will be Named for Abraham Lincoln—Leading Citizens are Making Plans for Proposed School.

Springfield.—A university for Springfield to bear the name of America's first martyr president, Abraham Lincoln, is being planned by the committee of representative citizens here. A permanent organization will be formed next Tuesday to further the work.

Although the new institution of learning is to be chartered as a university, its principal function will be the development of a strong college of liberal arts for central Illinois, according to Elmer E. Hagler, chairman of the temporary committee.

It is probable, however, that the Lincoln College of Law now in operation here may sometime be absorbed, but colleges for giving technical instruction are not likely to be added, Mr. Hagler said.

The proposition to establish an institution of higher learning here has the approval of President David Kinley of the University of Illinois and President Emeritus Edmund J. James of the same institution. Effort was made recently to persuade Illinois Wesleyan to come to Springfield.

The demand for higher education has filled the present colleges of the state to overflowing, said Mr. Hagler. The demand will increase instead of diminish. There is a state law requiring medical students to take a two-year liberal course before they go into a medical school. The last legislature made a similar requirement for law students.

Abraham Lincoln university, it is planned, will be organized with the idea of furnishing a four-year course, but it will specialize, probably in preparing students for special branches. The temporary committee hopes to be ready for opening in September, 1924.

The institution will in no sense be a municipal university. It will be supported by endowment, and the hope of the committee is to make it representative of the people with many small contributions rather than a few from very wealthy men.

Members of the committee are Former Senator Lawrence Y. Sherman, Elmer E. Hagler, Ira Blackstone, A. W. Hillier, H. G. Rockwood, Frank Drake, T. H. Kilbridge, C. N. Posegate, A. H. Rankin, Will Taylor and C. E. Jenks.

CHURCHES

First Church of Christ, Scientist, 523 West State street—Sunday morning service at 11 o'clock. Subject of lesson sermon: "Soul." Sunday school at 9:30. Wednesday evening testimonial meetings at 8 o'clock. The reading room is open each week day from 3 to 5 p. m. The public is cordially invited to attend the services and to visit the reading room.

The Church of God in Christ, 512 North West street—The tent meetings are continuing to spread influence and interest grows. Mrs. Martha Pinkston and Bishop Bostie are here to assist with the services. Baptizing service Sunday. Elder P. Wallace, Pastor.

Central Christian Church—Minister Rev. M. L. Pontius. Superintendent of Bible school, Ben O. Roodhouse. Bible school at 9:30. Communion service at 10:30. Members of the congregation will then attend the service at the chautauqua tent conducted by Rev. T. H. Tull, or the Union service at Centenary M. E. church. These services will be held at 10:45. Mr. Pontius will preach at the Centenary church upon the subject, "A Heartfelt Religion." No evening services during the chautauqua.

State Street Presbyterian Church—Sunday school at 9:30 a. m. Carl E. Robinson, superintendent. Class for all, young and old. The men's class is growing but more are wanted. On account of chautauqua, where services will be held there will be no

other services in this church tomorrow.

Salem Evangelical Lutheran Church College street and South East street. Rev. J. G. Kuppler, pastor. Sunday school at 9 a. m. Public worship in German with Holy Communion at 10:30. Preparatory service at 10 o'clock. English evening service at 8:30. A cordial welcome to all.

Grace Methodist Episcopal Church—Thomas H. Tull, pastor. 9:30 a. m. Sunday school as usual. T. V. Hopper, superintendent of the Sunday school as Mr. Hopper has secured two reels of splendid moving pictures which will be shown. Do not miss it. The union service in the city will be held at Centenary church. Rev. M. L. Pontius will preach. All who do not attend worship at the chautauqua tent should attend this service. There will be no prayer meeting on Wednesday evening.

Northminster Presbyterian Church—Walter E. Spooner, minister. Sunday school at 9:30. There will be no preaching service, as the one service in town will be at Centenary church, with Rev. Pontius preaching. No evening service.

First Baptist Church—Sunday school is held at 9:30 a. m. A fine place to spend a Sabbath morning. Classes for all classes. The union morning service will be held at the Centenary M. E. church on East State street. Sunday school at the Baptist Chapel on Ashland avenue, occurs at 2:30 p. m. The open air services on the chapel lawn is held on Friday night. The Baptist Union People's Union will discontinue their meetings until the first Sunday in

September. Owing to the chautauqua, there will be no Sunday night services.

Westminster Presbyterian Church—Corner of Westminster street and West College avenue, will hold Sabbath school at 9:30 a. m. Morning services at 10:45. The Rev. George W. White, of Boyne City, Mich., will preach. Prayer meeting Wednesday evening.

Brooklyn M. E. Church—G. W. Randle, pastor and Sunday school superintendent. The Sunday school will hold its regular session at 9:30 a. m. Classes and teachers will be provided for all who are present. The pastor will preach at 10:30 a. m. on the subject of "Denials." There will be no evening service and no prayer meeting service during the Chautauqua season.

Congregational Church—Rev. George E. Stickney, minister. Church school at 9:30. There will be no mid-week prayer meeting on account of chautauqua. The regular monthly social meeting of the Ladies' Aid will be postponed one week.

Centenary Methodist Church—C. D. Robertson, pastor. Sunday school at 9:30 a. m. Superintendent Metcalf and his corps of efficient teachers will be glad to see every member of the family and will see that each one is placed in a suitable and congenial class. The morning service will be a union of all the congregations of the city at this church. This is in accordance with the plan to hold one service in town and one at the chautauqua pavilion on the two Sunday mornings during the chautauqua season. The Rev. M. L. Pontius, pastor of Central Christian church will be the preacher of the morning. Miss Katherine Rapp will sing during the morning service. The prayer meeting is dismissed during the chautauqua.

DISABLED SOLDIERS MAKE USEFUL GIFTS

Springfield—An appeal to the people of Illinois to think of the work of disabled soldiers when they are purchasing gifts for their friends is made by the Women's Auxiliary of the American Legion.

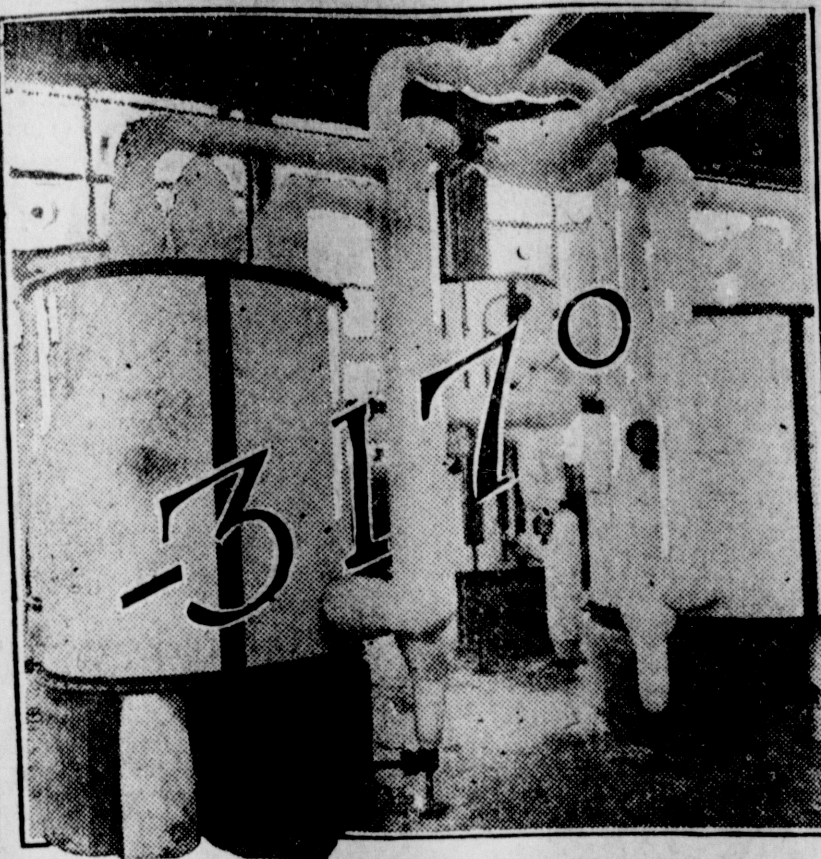

Disabled former service men and women in the various state hospitals and government hospitals are turning out beautiful articles, according to Miss Ruby D. Flora, Paxton, chairman of the reconstruction committee, who says their efforts should be rewarded with the patronage of the public.

At the hospitals, the men are turning out articles suitable as gifts for parties, such as baskets cane chairs, bead work, rugs, scarfs, leather articles and toys.

There articles may be obtained by communication with the occupational director at any of the following hospitals, Elgin State Hospital, Elgin; Great Lakes Hospital, Great Lakes; Jacksonville State Hospital, Jacksonville; Edward J. Hines Hospital, Maywood.

COLDEST ROOM IN THE WORLD

WHERE TEMPERATURE IS 317 DEGREES BELOW ZERO

By NEA Service

Fort Worth, Tex.—Fort Worth folks have as much hot weather complaint as any other town's citizenry—yet right here is the coldest spot on earth!

Furthermore, it stays that way—at a temperature of 317 below zero. That's right, 317 below.

The government's helium plant is the scene of this extreme coldness. Natural gas is liquefied at this temperature, so the helium can be extracted for use in the army and navy dirigibles.

Special safeguards are maintained to keep these rooms insulated from the rest of the plant. There's a reason, Lieutenant R. E. Davenport, in charge, gives some.

"If a person would just put his hand in that temperature, his hand would in one second freeze so solidly that it would drop off."

"Put a fresh piece of beef

steak in there and then drop it to the floor. It would break in to a thousand pieces, flying in all directions.

"A lead pencil would do the same. Steel pipes, when subjected to but part of this temperature, shrink so quickly that all paint drops from them. A human body would also become so brittle it would fall to pieces."

Helium, which is extracted from the liquefied gas, is non-inflammable, and possesses 92 per cent of the buoyancy of hydrogen. Its use in dirigible airships will make them immune from the explosion disasters of the last few years.

After helium is extracted, the gas goes back into the city mains as good as ever for cooking the family dinner.

Meantime, Fort Worth folks choose to swelter under the August sun, rather than frequent the city's coolest spot.

YANKS and LEGIONAIRES

Forceful Facts Concerning the Interests of Former Soldiers, Sailors and Marines.

The membership of the American Legion is close to 1,000,000, distributed in 11,151 posts. La Chappelle en Servat, on the Aisne, is the nearest point to Paris reached by the Germans—on September 2, 1914.

Fifty California posts of the American Legion have erected club houses and community centers at a total cost of \$750,000.

There are 38,225 United States soldiers, sailors and marines now serving in American insular possessions and foreign countries.

Fewer than 1000 of the 19,401 men rehabilitated by the Veterans' Bureau between July 1, 1922, and June 1, 1923, remain unemployed.

The Knights of Columbus are manning a national legion of honor for service and ex-service men of the World War from the ranks of that organization.

It is illegal for a pawnbroker in England to accept the Victoria Cross medal—the highest British decoration for valor in battle—as a pledge for a loan.

Throughout the world there were 30 wars fought in the nineteenth century. The American Civil War is figured as the most costly, the amount being \$6,500,000,000.

According to an official report by the Navy Department, Germany lost 187 submarines in the World War. The losses in personnel is given as 5364, of whom 515 were officers.

A budget system has been put into effect by the Veterans' Bureau throughout all branches of the service, including hospitals.

The inauguration of the system is said to be the most far-reaching attempt of the kind by a Government bureau.

Marie Pederson Isom, of Seattle, Wash., is one of the few women war veterans to receive vocational training. She served as yeomanette and contracted acute pleurisy. She is now learning costume designing at the University of Washington.

Basing its estimate on the sum paid to Civil War veterans and dependents in 57 years, the Ex-Servicemen's Anti-Bonus League declares that payments to World War veterans and dependents in a period of the same length would require expenditure of \$125,000,000,000.

In recognition of their services, youngsters who completed the civilian military training camp course at Camp Meade, Md., are the first to receive from the War Department permanent decorations to wear with civilian clothes. The lapel buttons bear the legion "National Defense," Civilian Military Training Camps.

The First Troop, Philadelphia City Cavalry, antedates the United States. It was organized as the "Light Horse of the City of Philadelphia" on November 17, 1774. This organization has

record of participating in every war of the United States where volunteer cavalry was engaged. In the World War the troop furnished more than 225 men to the service, more than three-fourths of whom were officers.

Disabled veterans of the World War have resolved to undertake a legislative campaign of their own apart from that of the American Legion. They are asking not only a bonus, but full hospital care when needed, regardless of whether the need is of service origin or not. They are asking various other forms of so-called "liberalization," such as a more "liberal" policy of the Veterans' Bureau, more liberal use of new methods of treating wounds and diseases, and the retirement of emergency officers on the same terms as those given to regular army officers.

The California Palace of the Legion of Honor, now being constructed at a cost of \$1,000,000 on the crest of Lincoln Park overlooking the Golden Gate, will be dedicated during the national convention of the American Legion in San Francisco, October 15-19, in memory of the 3369 California boys who made the supreme sacrifice on the battlefields of France in the World War. Exhibition of the works of art donated by the French, Rumanian, Serbian and Polish governments and various individuals, which will form a part of the permanent collection to be housed in the memorial building, were exhibited in the Legion of Honor building on the banks of the Seine, Paris, before their removal to San Francisco.

ASBURY.

Mr. and Mrs. William Megginson of Galesburg spent the first of this week with relatives here. Mr. Megginson was one of the witnesses of the Harding funeral train in Chicago. Mr. Megginson was about half way up a grade near Aurora with his train when he stopped for six minutes in memory of Mr. Harding on Friday afternoon.

The Lashmet family reunion will be held at Nichols park Sunday, Sept. 12th.

Joseph Megginson shipped two car loads of hogs to East St. Louis Tuesday.

Harry Trotter and son Myron shipped two car loads of hogs to East St. Louis Thursday.

Mr. and Mrs. E. J. Reynolds and daughters, Mildred and Virginia spent Sunday with Mr. and Mrs. W. H. Hemmrich in South Jacksonville.

Mrs. George Hemmrich and daughter, Marie, Mrs. Earl Hemmrich and daughter, Velma and Mrs. Carl L. Hemmrich expect to leave Thursday to camp at the Jacksonville chautauqua.

Mr. and Mrs. Alfred E. Hemmrich and son Roy and daughter Edith of Bronson, Kansas, are expected here the last of this week to visit relatives and friends.

Mr. and Mrs. George Megginson and son Charles and daughter, Eula of Markham and Mr. and Mrs. Chauncey Carter and son Ralph and daughter Edith spent Sunday with Mr. and Mrs. Rex Ranson.

Mr. and Mrs. Ralph Megginson and family of Prentice and Mr. and Mrs. William Megginson and Mr. and Mrs. Carl Hemmrich were Sunday guests of Mr. and Mrs. Claude Winter.

BLUFFS M. E. CHURCH HOLDS ANNUAL PICNIC

Large Crowd in Attendance with Great Interest Shown in Contests—Bluffs News Notes

Bluffs, Aug. 16.—The annual picnic of the M. E. church held on the school grounds Wednesday was well attended about 300 being present. Music was furnished by the local band. The following is a partial list of the prizes given in the contests:

Ball throwing contest—Mrs. E. Beasley, pair silk hose. Oldest couple on the grounds—Mr. and Mrs. Milton Jackson, aged 75 and 73 years respectively, a \$5.00 picture.

Best mule team—William Bush, whip. Family driving the longest distance to attend the picnic—Mr. and Mrs. S. D. Rockwood, a distance of 500 miles, West Plains, Mo., a new Ford inner tube.

Prettiest baby under one year—Wanda May Allen, toilet set. Baby under two years—First prize, Opal Merris, \$1; 2nd, Virginia Castle, 50 cents.

Best loaf of bread—Mrs. Clifford Mills, 48 lb. sack of flour. Best coconut cake—Mrs. Eugene Carpenter, 48 lb. sack of flour.

Best chocolate cake—Mrs. P. C. Burrus, \$1. Best caramel cake—Mrs. J. N. Beavers, \$1.

Best angel food—Mrs. A. P. Strahan, \$1. Best cake, girl under 16 years—Miss Lucile Adkins, 1 lb. Holly brand chocolates.

Largest family on the ground—Pat Franklin, 9 children.

The gross receipts tallied above \$500.

News Notes

Rev. Arthur Sticker and family left Wednesday for their new home in Bible Grove where the former has been employed as superintendent of the high school of that place.

Born to Mr. and Mrs. George Arnold, a son, third son, the older two being 25 and 23 years of age. All concerned are doing nicely and George is wearing a smile that won't come off. J. C. Lewis who is a patient at the Passavant hospital in Jacksonville expects to return home Sunday.

Mrs. Clark Taylor who is a surgical patient at the Passavant hospital in Jacksonville expects to return home Sunday.

Mrs. Ida Price and daughter Doris, and father George Hale, are the guests of friends in town. Mr. and Mrs. Fred Muntman of Chapin were among the out

of town attendants at the picnic Wednesday.

Miss Helen Frohwitter returned Wednesday from a week's visit with relatives in Quincy.

Miss Fern Crabtree of Macomb is the guests of friends in town.

Mr. and Mrs. J. M. Branson celebrated their 55th wedding anniversary at their home Sunday. Only immediate relatives were present.

Rev. P. A. Sorensen and family of Joliet spent the past 10 days with relatives and friends in town.

Misses Ruth and Esther Boscoe after a visit with relatives returned to their home in Springfield Wednesday.

Mrs. Charles T. Bates was listed among Roodhouse shoppers here Saturday.

CAME HOME TO DIE.

"Three years ago I came home thinking 2 or 3 weeks would be my limit to live. I had suffered for 15 years from colic attacks and severe liver and stomach trouble. I happened to see an advertisement of Mayr's Wonderful Remedy and purchased a bottle at the drug store and after taking the first dose I felt better than I had for 15 years. I am now in the best of health—thanks to Mayr's Wonderful Remedy." It removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all drug-gists.

FOR SALE
Fine farm, 252 acres two sets of improvements near Carrollton Illinois, Green county, belonging to the estate of the late John Spencer. Mrs. Frank Irving 1047 Grove street.

Mrs. John Haggard of Virden was shopping in this city Saturday.

Mrs. Thomas O'Donnell and children of Winchester visited here Saturday.

"ALWAYS HERE TO SERVE YOU"

Never a failure when you can the Lorain way!

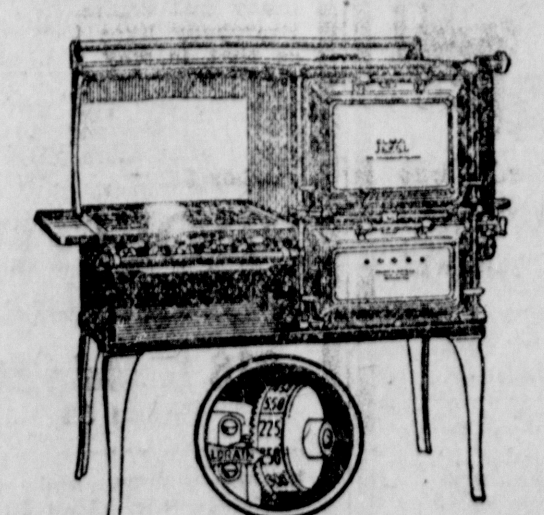

To can PEACHES the easy Lorain way

Scald 1 or 2 minutes to loosen skins. Dip quickly in cold water, skin and halve, removing stones. If you wish, pack in halves. Fill jar with boiling water or syrup. Syrup should be 1 part sugar to 4 parts water. Put scalded rubbers in place, and adjust lids loosely. Put jars in oven, set Lorain wheel at 250 degrees, and forget them for one hour while you rest. Remove jars and seal tightly at once when alarm clock rings. That's all!

THE famous Lorain Oven Heat Regulator has made home canning so simple and sure that there is no chance of failure in putting up any fruit or vegetable. And the Lorain way is far easier. It brings more delicious results.

The above recipe will show you how Lorain has done away with the disagreeable part of canning. While Lorain guards the oven you can actually sit on the cool porch and rest! No more standing over a scorching stove and boiling kettles! Thousands of women enjoy this easy method each summer.

Replace your old gas stove by a new, Lorain-equipped range. Enjoy canning, instead of dreading it! May we demonstrate the Lorain Oven Heat Regulator?

Get a free copy of "Lorain Oven Canning" at our store—today.

LORAIN OVEN HEAT REGULATOR

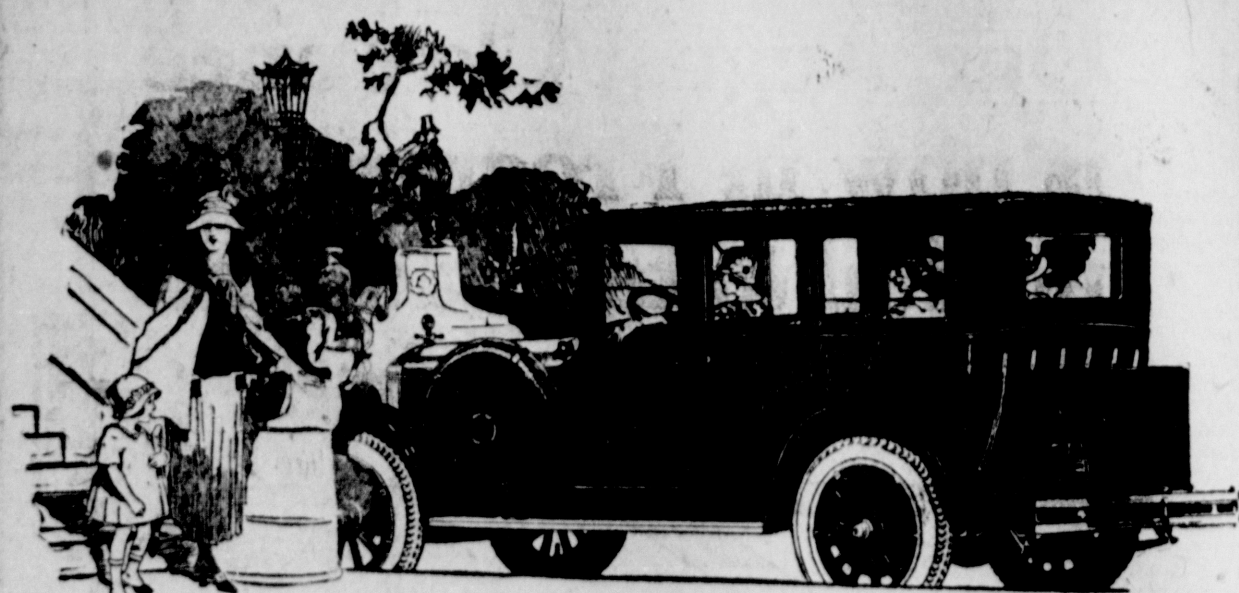

The Lorain Oven Heat Regulator automatically keeps your gas oven at any one of 44 different temperatures. When you fix the oven burner, simply set the red wheel at the heat you want. The oven will stay at that uniform heat regardless of changes in gas pressure.

By preventing inaccurate or varying oven heat, Lorain makes every baking successful. No more "unlucky" days. Lorain enables you to cook an entire meal at one time in the oven without "pot-watching." It makes home canning easier and better. Own a Lorain-equipped range now!

CLARE GAS JEWEL RANGES

The baked-on finish of these ranges gives them a lustrous, durable surface that is as easy to keep clean as it is good to look at. All-steel construction prevents breakage. A variety of pleasing styles and convenient sizes to choose from.

Illinois Power and Light Corporation
North Side Square
Phone 580

Jewett Special Sedan—Perfectly Equipped

Comfort Adaptable to Every Need

The lines are good. The flash of full-nickelled bumpers front and rear; nickelled radiator and motometer; nickelled barrel-type head and side lamps—adds distinction. Trunk and trunk rack, at rear, against nickelled body guard-rails, are smart, and useful.

There's an extra cord tire, tube, rim and cover, carried forward at left. Cowl ventilator. Adjustable sun and storm visor. Automatic windshield wiper. Rear-view mirror. Combination tail and stop-light. Smart upholstery. Taffeta shades at windows. Dome light. Handsome fittings. Heater. Not a thing to buy but gas and oil.

Comfortable, whatever the weather. All side windows close easily—and tight—when the sudden storm breaks; open wide when balmy weather invites.

But it's when you sit behind the wheel that you get the real thrill of Jewett's performance. The Paige-type clutch and transmission insure quiet, easy gear-shifting; it is almost impossible to "clash" or jerk the car. And there's full fifty horsepower waiting the touch of dainty slipper

on the accelerator. Jewett Six popularity shows that sixes do beat fours in the opinion of thousands of satisfied Jewett owners.

Drive from 2 to 60 miles an hour in high—crawl along behind exasperating teams—then breeze quickly ahead when the opening comes. For Jewett accelerates from 5 to 25 miles an hour in 7 seconds in high gear. Up most any hill on high—last or slow.

Owners have every confidence in Jewett due to its Paige-built motor; Paige-Timken axles front and rear; ball-bearing steering spindles; all-steel universal joints with sealed-in lubrication—good for 15,000 miles without oiling.

And Jewett stays good, because of the high-pressure, hollow crank-shaft oiling system which forces 2 gallons of oil per minute through all main and connecting rod bearings.

Jewett comes to you with this distinction—it is the only car of its class made by a builder of finest quality cars! You will sense the confidence this gives when you and your family have your demonstration.

Market Report

By The
Associated
PressSTOCKS CONTINUE
UPWARD MOVEMENT

FINANCIAL
Total stock sales 304,900
shares.
Twenty industrials averaged
93.32; net gain .68.
High 1923 — 105.38; low
84.91.
Twenty railroads averaged
79.64; net gain .49.
High 1923 — 90.63; low
76.78.

NEW YORK, Aug. 18.—The
upward movement in stock prices
gained further headway in today's
brief session, the fifth successive
day of rising prices. Speculators
for the advance encountered lit-
tle resistance although there was in-
termittent profit-taking in some
of the leading industrials by floor
traders but those offerings were
well absorbed. Bullish sentiment
was created by the optimistic
views and the decision of the an-
thraxite coal operators and the
miners' representatives to resume
their deliberations on wages and
working conditions at Atlantic
City next Monday.

Strength and activity on Bal-
dwin suggested professional manip-
ulation, the stock closing 24
points higher at 122½; United
States Steel was pushed up 1½
points and ended improved frac-
tionally.

Maxwell motor issues were in
strong demand upon publication
of the semi-annual earnings re-
port showing that net income in
the first six months of the year
totalled \$2,072,531, or more than
the total profits for the full years
1919, 1920 and 1922.

Some selling of the Northwest-
ern Railroad shares took place
just before the close. Great North-
ern preferred dropping two points
and Northern Pacific 14 Union
Pacific however, closed at a net
gain of two points and most of
the other big systems improved
slightly.

Trading in foreign exchanges
was quiet.

Weekly clearing house state-
ments showed decreases of \$76-
258,009 in loans, discounts and
investments.

Active United States govern-
ment bonds with the exception of
the tax exempt 3½s, which eased
slightly, improved.

CHICAGO BUTTER MARKET
CHICAGO, Aug. 18.—There
was not a great deal of buying in-
terested apparent in the butter
market here today as is usual on
Saturdays. However the tone of
the market continues firm and
the general opinion among dealers
is that higher prices are warrant-
ed especially on fine butter, but
not enough business was reported
to justify advances.

Supplies of all grades were
closed cleaned up.

Practically number 90 score
centralized cars were available.
Eighty-nine score cars approved
sold at prices quoted.

Fresh butter: 92 score 43½; 91
score 42½; 90 score 41½; 89 score
40½; 88 score 39½; 87 score 38½;
86 score 37½.

Centralized carlots: 90 score
43½; 89 score 41½; 88 score 39½.

RURAL CARRIERS TO PROTEST UNIFORMS

Springfield. —(By The Associated Press)—Rural letter carriers of Illinois will protest against the movement of the post office department to put them in uniform, at the annual meeting of the Illinois branch of the National Rural Letter Carriers' association, to meet in Peoria August 17 and 18.

"Carrying mail in the country is no white collar job," said Ray S. Philpott of Newman, president of the Illinois branch. "If the government puts us in uniforms it will cost us a lot to appear half way presentable. Overalls would be and are the most suitable wearing apparel for men in our business when we have to take care of automobiles and horses."

More than 400 representatives and delegates will be present at the Peoria meeting, it is estimated.

Resolutions will be presented endorsing the maintenance allowance, providing extra remuneration of \$1 a month per mile of

providing for the upkeep of horses needed by him in covering his route, Mr. Philpott said.

At present, according to Mr. Phil Scott, investigation shows that a carrier must devote 2 1/2 percent of his \$1800 for the pension fund and an average of \$45 a month additional to caring for his horses or his automobile.

Other business before the organization will be an attempt to get an official organ, for the association. At the present time the carriers have such an organ but it is edited and operated by a private individual.

Officers of the Illinois branch are Ray S. Philpott, Newman, president; Edward F. Henn, Mt. Vernon, vice-president; Frank J. Francis, Tinley Park, secretary and treasurer; Adolph Bloome, Carlinville, chairman of the executive committee.

With a reduction of 30% on Vacuum Cup Tires you can't afford to buy ordinary tires. You save \$4.25 on 30x3 1/2. Other sizes in proportion. Now is the time to ride on good tires at a low price.—BRADY BROS.

Maud is Vacuum-Cleaned

Mat Leonard, zoo keeper at Atlanta, Ga., found that brooms used to clean Maud wore out very rapidly, so he has installed an electric vacuum cleaner for her morning rubdown.

RECORD-BREAKING TRAFFIC AND OPERATING EFFICIENCY

"The country is witnessing almost if not quite as large an increase in freight business as ever occurred in its history, and is also being given the benefit of probably the greatest increase in operating efficiency in the history of its railways," says the Railway Age.

It points out that between 1910 and 1913 the increase in freight business was about 47 billion tons carried one mile, and between 1913 and 1916 about 453 billion tons carried one mile. "These are the largest increases in freight business that ever occurred in the past," says the Railway Age. "The increase between 1920 and 1923 is comparable with that between 1910 and 1913 and that between 1913 and 1916. The business of the year 1920 broke all records and was followed in 1921 and 1922 by a heavily reduced traffic. Up to and including the week ended July 21 this year, the number of cars of freight loaded was 114 per cent greater than in the corresponding part of 1920. In the first four months of the year an increase of 11.4 per cent in car loadings resulted in an increase of 10 per cent in tons carried one mile. It is reasonable to conclude, therefore, that the number of tons carried one mile in the first seven months of the present year exceeded the ton mileage of the corresponding months of 1920 by 10 per cent. If the traffic of the entire year should be 10 per cent greater than that of 1920, the total increase over 1920 would be about 45 billion ton miles, which would closely approach the previous record increases.

it reached its maximum in the late summer and early fall months. The largest freight business ever handled in four months of any previous year was in July, August, September and October, 1920, total car loadings in these months being 16,337,107. It is an interesting fact that the total car loadings in the four months ended on July 21, 1923, were slightly larger than in these previous record-breaking summer and fall months of 1920, being 16,524,469.

"Perhaps the most remarkable fact relative to the largely increased freight business being handled this year is that in spite of it the car shortage which existed early in the year has been changed to a car surplus which is steadily increasing. In past years of heavy business such as 1916 and 1920, the large increase in traffic resulted in car shortages. On September 1, 1920, for example, the car shortage reported was about 140,000 cars. On the other hand, while in the early part of the year 1923 there was a car shortage, in the week ended July 21, when total car loadings amounted to 1,028,927 cars, the highest record ever made in any week, there was a net surplus of almost 72,000 cars.

"The reason for the success of the railways in handling such a largely increased traffic without any car shortage cannot be found in the increase in their facilities which has occurred since 1920, because the increase in facilities has been small. The explanation is to be found in a remarkable, and perhaps unprecedented, increase in transportation efficiency. Detailed operating statistics are available only for the first four months of 1923, but these, when compared with statistics for the corresponding part of 1920, are sufficient to tell the story.

"The average number of tons carried one mile daily by each car increased from 445 to 501, or almost 15 per cent. The average miles traveled by each car daily increased over 19 per cent. The average number of cars hauled in each freight train increased 10 1/2 per cent. The average tons per train increased from 671 to 700, making a new high record for this time of year.

"The fact that freight business has continued steadily to increase throughout the year thus far is very good indication that it will continue to increase until the end of October. Assuming that this will be the case, the transportation situation that will exist in the fall and early winter months is a subject for interesting speculation. The increase in car loadings thus far this year has been 11.4 per cent as compared with 1920, and there seems at present no good reason for doubting that relatively this great increase in the business offered to the railways will be maintained. The largest number of cars loaded with freight in any week in 1920 was in that ended October 16, and was 1,018,539 cars. If the demands of shippers for cars be maintained on the same scale as in the first seven months of the year there would be a demand, when business reaches its peak in October, for the loading of approximately 1,236,000 cars. In view of their performance thus far this year it would be hazardous to predict whether the railways will or will not be able to make this record; but if they do it will be a very extraordinary achievement."

Say, boys, do you know we are selling a bicycle for \$29.50, fully equipped with coaster brake. A better wheel than your Dad paid a hundred dollars for twenty-five years ago. Call and look them over.
